SEPTEMBER 30, 2025

2025 CALIFORNIA CODES UPDATE

NEW BUILDING CODES IN EFFECT *JANUARY 1ST, 2026* FOR THE CITY OF ADELANTO

On July 1, 2025 The State of California adopted the 2025 California Title 24 Codes. These codes include updated Building, Residential, Mechanical, Electrical, Plumbing, Fire, Energy, and Green standards. These codes become effective in the City Of Adelanto and Statewide on January 1, 2026.

HOW THIS AFFECTS OUR CUSTOMERS

All Plans submitted for Plan Review on or after January 1, 2026 must comply with the 2025 Versions of the California Building, Residential, Historic, Existing, Mechanical, Electrical, Plumbing, Fire, Energy, Green, Administrative and Referenced Standard Codes, along with the City of Adelanto adopted amendments and Code of Ordinances.

Any new plan check submittals will need to be submitted prior to January 1, 2026 to comply with the 2022 Versions of the California Codes. All Tract developments and stock plans approved under the 2022 codes will expire without renewals on their original expiration date, which is 1 year after the stock plan issuance date. Stock plans will need to be redesigned to comply with the 2025 California Codes once they expire and new Plan Review Fees will have to be paid upon submittal.
