Livingston County, located in the northeast quarter of Illinois, is about 92 miles southwest of Chicago, midway between Chicago and Springfield. It consists of 1,043 square miles in area and is fourth in size in the state. The county was organized on February 27, 1837, from parts of McLean, LaSalle, and Iroquois counties. The only county seat, at Pontiac, was incorporated in 1856 by an act of the State Legislature. Township Government was adopted in 1858. Pontiac is located on the Vermilion River.

HISTORY OF THE LIVINGSTON COUNTY COURTHOUSE COMPILED BY ARNOLD NATZKE & STANLEY WEBER FOR RE-DEDICATION ON OCTOBER 13, 2002

1837: February 27 – Livingston County was established as the 66th of what would become 102 Illinois counties.

1841: July 23 – The first courthouse, a 30 x 22 two story frame building was completed at a cost of $800.

1856: The second courthouse, a two-story brick structure, was completed at a cost of $14,000.

1874: July 4 – The courthouse, along with the Union Block to the south, was destroyed by fire.

1875: November 4 – The third and present courthouse was completed and accepted by the County Board. The county contracted the construction of the building for a cost of $75,000. Actual cost was $90,000 and, as a result, the Contractor filed for bankruptcy.

1885: Plumbing and sewage pipes were installed.

1891: Steam heat boilers were installed. The courthouse was then wired for electricity and the tower was lit on May 8th. It could be seen from Fairbury.

1892: The hand-wound clocks were placed on all four sides of the tower.

1903: June 3 – The Soldiers' and Sailors' monument on the northeast corner of the courthouse block was dedicated by then President of the United States, Theodore Roosevelt.

1936: Two additions were added on the east side of the courthouse, and one on the west side. The additions were built by the Works Project Administration of the Federal Government, commonly known as the W.P.A.

1961: The courthouse was painted in colors of yellow, maroon and white rather than battleship gray.

1976: The second floor of the courthouse was remodeled into three courtrooms rather than the original one large courtroom. In addition, the elevator was added at this time.

1983: A Hollywood movie, "Grandview U.S.A.," was made in Pontiac, featuring the courthouse.

1986: The courthouse was named to the National Register of Historic Places.

2001: A 1-½ year project was undertaken to restore the exterior, including the removal of 25 layers of paint, and some internal repairs to improve safety in the tower area. Extensive restoration to the building included the repair of a bullet hole in the overhand, which was put there by a former Sheriff to allow water to drain until repairs could be made. Weber Metal Products and Allen Meister took on the daunting task of repairing the clock to synchronize all four sides. All work was planned with the goal of restoring the building as close as possible to its original appearance, with the use of long lasting, energy efficient materials. The project was completed at a cost of slightly over $2,000,000, with $500,000 awarded to the county from Illinois First funds. A complete report on the project is filed with the County Clerk's Office.

2002: October 13 – In celebration of completion of the exterior renovation, a re-dedication of the courthouse was held featuring state and local dignitaries, the Pontiac Municipal Band, and members of local high school bands.

Qualifications of Voters: All men and women citizens of the United States, above the age of 18 years, or who will be 18 by the date of the next General Election, having resided in the election district 30 days next preceding an election therein, are entitled to register and to vote in said district.

Every Voter Must Be Registered: Every voter must be registered in order to vote at an election. Any qualified person may register at the office of Kristy A. Masching, County Clerk, any day during office hours, with the exception of the 28 days preceding and the first day immediately following any election. Local registrars are available throughout the county. To find out the name of one near you contact the County Clerk's Office at 844-2006. New legislation now allows Illinois residents to register by completing the Online Voter Registration application. The form may be found at the State Board of Elections website: www.elections.il.gov, or through the official county website: www.livingstoncountyil.gov (select Department; Elections; Voter Registration under related links and choose the Illinois Online Voter Registration Application).

Change of Address: Voters who have moved within Livingston County must notify the County Clerk's Office of any change of address, even from one apartment to another at the same street address. This can be done by filling out the reverse side of the voter registration card and returning it to the County Clerk, or by letter listing the old and new addresses. Both card and letter must bear the voter's signature.

Change of Name: A change of name for a voter requires a new registration card and can be done only at the County Clerk's Office or with a deputy registrar.

COMMUNICATING WITH LEGISLATORS

Don't:

- Write on a postcard.
- Send a generic form letter.
- Start your letter with "As a citizen and taxpayer…" (they already know!).
- Apologize for taking their time. Hearing from constituents is part of their job.
- Be rude or make threats.
- Be vague about what you're talking about.
- Send the same carbon-copy letter to multiple legislators. Write to each one individually.
- Write to a House member about a Senate bill (and vice versa), since bills can change a lot between chambers.

Do:

- Clearly mention the bill number and what it's about.
- Keep your message short and to the point.
- Explain how the bill would affect you or your community. Legislators rely on this kind of feedback from their districts.
- Sign your name and include your address and phone number in case they want to respond.
