Cabell County Courthouse – Cornice Repair

The project will consist of approximately 800 linear feet of cornice/ledge which needs to be repaired. (see photograph). The eastern side (8th Street) does not need to be included as it was completed last spring. The scope of the work is as follows:

1. Equipment Mobilization
2. Removal of Rubber Membrane
3. Removal of Drive Pins and Termination Bars
4. Pressure wash Surface to remove dirt and contaminants
5. Patch Stone holes created for drive pins
7. Apply water repellant

This is the ledge as it is now

After removal of rubber membrane, termination bar, and drive pins. Backfilled and mortared with water repellant applied.
