MEMORANDUM

TO: RESIDENTS

FROM: BOARD OF SELECTMEN
TOWN ADMINISTRATOR, MALLORY ARONSTEIN

The following is an update regarding town operations resulting from Coronavirus Emergency Orders:

- Effective Tuesday, March 24, 2020 at 12:00 p.m., the Town will operate with essential employees only. These include Police Department, Fire Department, Communications/Dispatch, Board of Health personnel, Town Accountant, Town Clerk, Town Treasurer, Town Administrator, Building Commissioner, and Highway Department. Employees with the ability to work from home shall do so.
- All non-essential meetings are cancelled and shall not be called to order.
- Council on Aging, Prime Time, and Library programs remain cancelled until further notice. All buildings are closed.
- Spending from expense budgets on non-critical items is prohibited at this time.
- Personnel will still be collecting mail and emptying the mail drop box at Town Hall. Personnel will actively be checking email and voicemails at this time as well. Residents should still feel free to call in or email a question and feel confident that they will receive a timely response.
- Excise tax bills that are late will have a one-month grace period before demand letters are issued.
- There will be no changes to trash pickup or recycling, but the Board of Health recommends that you wash your hands before and after handling recycling bins.

If any further information is needed, please do not hesitate to contact the responsible town offices. Telephone calls and emails will be monitored and answered as quickly as possible. Thank you in advance for your patience and cooperation during this difficult time.
