MEMORANDUM

TO: Commissioner David Martin, Chairperson
Community and Economic Development Committee

FROM: Derek Bradshaw, Director-Coordinator
Genesee County Metropolitan Planning Commission

DATE: January 4, 2017

SUBJECT: **Household Hazardous Waste Collection Services Contract Extension**

Genesee County is currently under contract with ERG Environmental Services to provide Household Hazardous Waste Collection Services for the period of March 18, 2016 through March 18, 2017. GCMPC is very impressed with the services that have been provided for the 2016 Recycle Day events by ERG and would like to extend the contract. The current contract allows for 3 additional 1-year extensions. GCMPC is in the process of planning events for May, August and October of 2017 and the extension would allow planning activities to commence.

At this time, staff is recommending approval from the Community and Economic Development Committee to enter into a contract extension with ERG Environmental Services to perform HHW Collection Services for one additional year which will expire on March 18, 2018.

Genesee County Metropolitan Planning Commission

Date: January 4, 2017

SUBJECT: Latex Paint Recycling Services Contract Extension

Genesee County is under contract with ePaint, LLC to provide latex paint collection, transportation, and recycling services in cooperation with Habitat for Humanity. The current contract expired on September 30, 2016 and provides the option for 3 additional 1-year extensions.

Household latex paint is dropped off by residents at the Genesee County Habitat for Humanity ReStore, where it is then collected by ePaint and transported to Battle Creek for recycling. Once recycled, ePaint delivers the recycled paint back to the ReStore to sell to local residents. Over the last year, almost 13,000 gallons of latex paint have been recycled through this program.

At this time, staff is recommending approval from the Community and Economic Development Committee to enter into a contract extension with ePaint, LLC to perform latex paint recycling services for one additional year which will expire on September 30, 2017.
