Attached please find the 2016 Genesee County Equalization Report. This report consists of six (6) pages listing each local unit of government within Genesee County and the corresponding assessed and county equalized valuations for each.

Page 1 of the report shows the total assessed and county equalized values of each governmental unit, individually stating total real property, total personal property, and combined valuations of both. Pages 2 and 3 show the assessed and county equalized values broken down by classification for all real property within each governmental unit. Page 4 shows the required adjustments needed for each property classification based on final board of review activity. Page 5 shows the multipliers to be applied against the assessed valuations in each classification of property to equalize. Page 6 shows the parcel count of each classification of property within each unit of government. This report indicates that all classifications of property within each unit of government will be equalized as assessed for the 2016 year.
