10 Years of Service

# New member

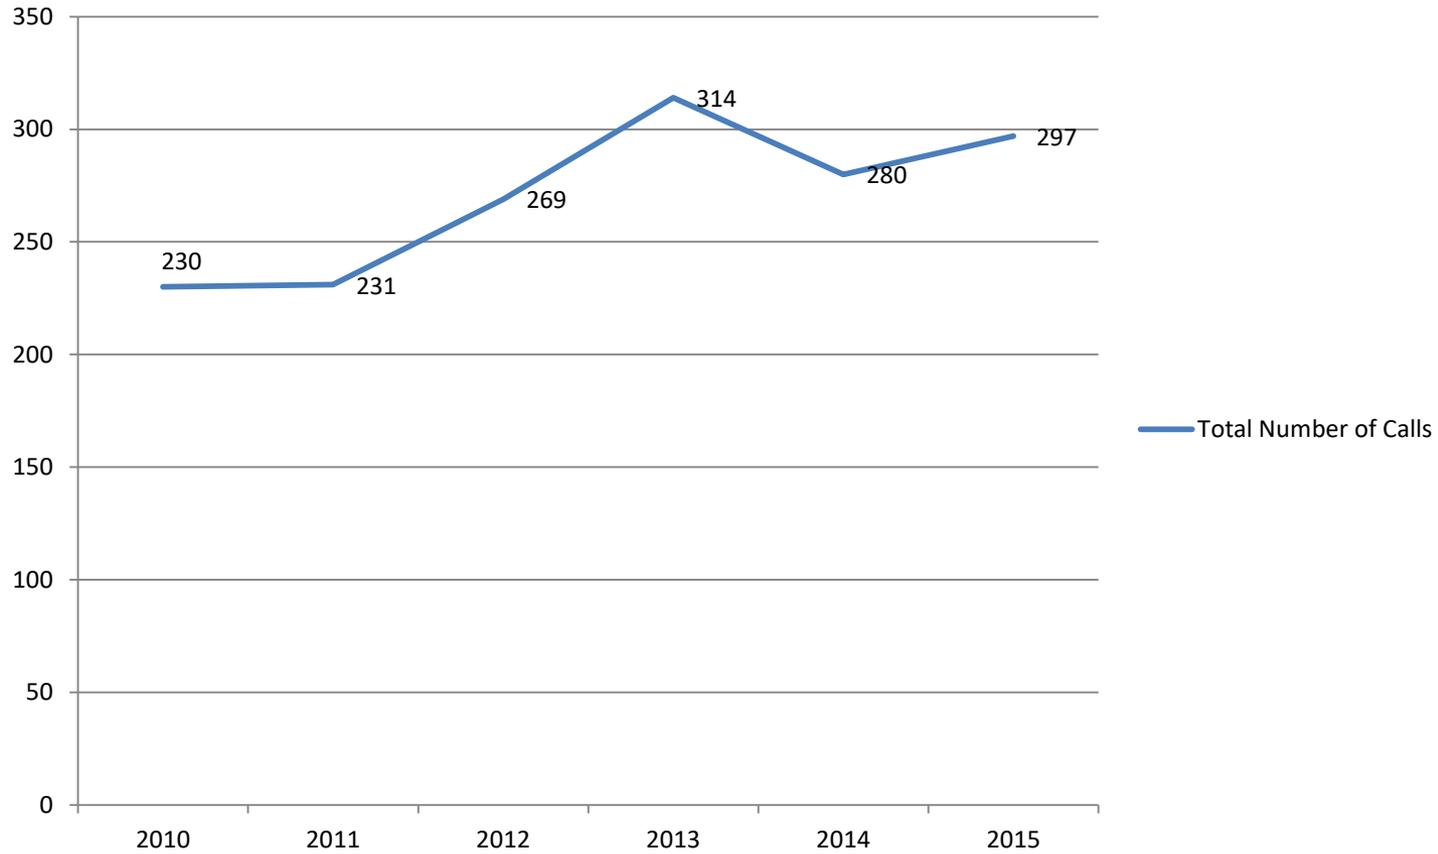

## Chace Mindel

Chace has been a resident of Greenville for several years and a graduate of Hortonville High School. He is currently going to school to be a Firefighter/EMT. He was accepted last year as a Greenville 1<sup>st</sup> Responder and is working through First Responder schooling and National Registry. When he completes that he can then become credentialed to Greenville first Responders.

Thanks Chace for your interest in volunteering to help out Greenville.

# Goals

## New equipment we would like to purchase

### Active shooter

We are the first EMR group to start training with Outagamie County Sheriff's Department that will be tasked with rescuing victims from an active shooter incident. The pictures show the protective equipment we will need to help with the rescue. It includes a helmet and bullet proof vest. These cost right around \$1300.00 a set. We'll also carry medical supplies like tourniquets, bandages, etc. We will be escorted by the officers, with guns drawn, to get victims out as soon and as quickly as possible. We will be doing some fund raising and also using some of the money donated by individuals, business and community groups that have always supported us.
