

Services for People with Developmental Disabilities

Our goal is to help people with developmental disabilities (DD) live in their communities as independently as possible.

Access to services starts with an Assessment. Please call 320-231-7800 Ext. 2497 for more information on how to access services or schedule an Assessment.

During the Assessment, our staff will provide information on

- DD screenings
- Community resources and county, state, & federal programs
- Short-term service planning to help individuals and families develop a plan of care
- Ongoing case management
- Assistance with applying for public benefits
- Access to the DD Waiver or other Waiver Programs that may be appropriate
- Access to information on specialized housing and funding including assisted living options
