

## Medical Programs:

- **Medical Assistance (MA):** Nationally called Medicaid, this program pays for medical care for low-income people as well as certain disabled people. Medical Assistance also pays for Long Term Care.
- **Minnesota Care:** Minnesota Care is a health care program for people who live in Minnesota and who don't have health insurance. There is a premium required for persons eligible for Minnesota Care.

For links to more information about Medical Programs, please see Services/Units on the left side of the Family Services pages.
