Electronic but not necessarily an online resource.

3. Can the county provide more detailed information about what the exact deliverable for #3 will include and what the role of the selected vendor will be in the process of developing this deliverable?

No, we are relying upon the expertise of the selected vendor to help with this process. The successful vendor will have had experience in similar analyses.

4. Is there a maximum budget for this opportunity?

\$80,000 but we are interested in understanding what resources applicants believe it would take to accomplish the deliverables.

5. Is there additional information on the system of care initiatives and their stages of implementation?

No additional information.

6. For the IDD population are you interested in behavioral health services, or all services for the IDD population?

We are interested in all services for the IDD population, including behavioral health.

No, please submit according to the requirements in the RFP. "Please submit three copies (one clearly marked "original") of your response (printed duplex on recycled paper).
