Parking Lots and First Ave Resurfacing

On Monday, October 20, 2014, at 9:00 p.m., both City parking lots at the intersection of 3rd and Lockwood will be closed in preparation for the resurfacing project.

Beginning on Tuesday, October 21, 2014, the City’s Contractor will pulverize the surface of both lots as well as First Avenue from Water Street to the Armory parking lot.

The Contractor will maintain closure and continue to perform additional work in some areas, while keeping others open. Areas that are pulverized, but not barricaded, are open to traffic. Parking availability will be limited or completely restricted at times. Those who typically use these lots are advised to seek alternate parking during this construction.

Closures and construction work are scheduled as follows:

- Parking lot on the northeast side of Lockwood and Third (Adjacent to Alpena Agency)
- Parking lot on the southwest side of Lockwood and Third (Adjacent to the First Congregational Church)
- First Avenue from Water Street into the Armory Parking Lot

This work is expected to take 2 weeks, but may be extended if weather or construction delays occur.
