News Release of October 5, 2022

Chisholm Street Railroad Maintenance

Beginning Saturday, October 8, 2022, a contractor for MDOT will close the railroad crossing on Chisholm Street at Tenth Avenue to perform work related to railroad maintenance.

Northbound US-23 traffic will detour from Ninth Avenue to River Street to Eleventh Avenue. Southbound US-23 traffic will detour from Eleventh Avenue to Lockwood Street to Ninth Avenue.

Parking along River Street and Lockwood Street, between Ninth Avenue and Eleventh Avenue will be prohibited for the duration of the project while these streets assist with detour traffic flow. Vehicles parked in these areas could be towed at the owners expense if construction operations are affected.

This work is expected to last five (5) days to complete unless weather or construction delays occur.
