## News Release of February 16, 2024

### EARLY VOTING

Can't wait until Election Day? Vote early! Your ability to vote early begins with the 2024 Presidential Primary and every state and federal election thereafter.

Early voting is available beginning Saturday, February 17, 2024, through February 25, 2024, from 8:30 a.m. to 4:30 p.m. at City Hall in the Council Chambers on the second floor. Please use the elevator if necessary. All registered City voters have the ability to vote early.

Voters are now able to bring their absentee ballot to the early voting site and put it into the tabulator just like on Election Day. Please keep the stub connected to the ballot. Don't have an absentee ballot? You can also obtain a ballot at the early voting site.

**Reminder:** a requirement of voting is that every voter who obtains a ballot must show picture identification or sign an affidavit attesting that he or she is not in possession of picture identification.
