News Release of April 20, 2021

Second Avenue and Miller Street Intersection

On Tuesday, April 20, 2021, stop signs will be installed on Miller Street at the Second Avenue intersection.

This does **not** change the flow of this intersection. Traffic on Miller Street will stop on either side of Second Avenue and proceed through when it is safe to do so.

This work is in coordination with the future removal of the traffic light and pedestrian signals at this intersection.

The stop signs and the traffic light must remain in place for a minimum of 90 days to allow motorists to adapt to the change.

Currently, the traffic light is scheduled to be removed sometime in July. Additional news releases will follow when an exact date is established.
