News Release of November 10, 2023

Plow Through Cancer

This winter, the Department of Public Works will be dressing down to “Plow through Cancer”. While not a unique idea, members of the department felt it was important to acknowledge the ongoing struggle of everyone affected by this disease. Staff will contribute their collected funds to Friends Together to aid their ongoing support for everyone affected by this disease.

Staff will be dressing down on Fridays and “Snow” days throughout the winter.
