News Release of October 14, 2019

Utility Work & Water Shut Off Notice

Beginning Tuesday, October 15, 2019, the intersections of Long Lake Avenue and Bolton Street, Adams Street and Avery Street, and Walnut Street and Oldfield Street will be closed to all traffic due to utility repairs. Due to this work, water will be shut off on Tuesday, October 15, 2019, from 8:00 a.m. until approximately 5:00 p.m.

The following areas will be affected by the water shut off:

Long Lake Avenue from Adams Street to Palm Street
Adams Street from Huron Street to Avery Street
Avery Street from Adams Street to Taylor Street

Please anticipate your water needs before water is shut off.

When water is restored refrain from drinking, doing laundry, washing dishes or food preparation until water runs clear.

When water is restored there may be a boil water notice until two consecutive bacteria samples have been approved. This will take at least two days. **You will be notified if a boil water is required.**

Signage and barricades will be present to guide traffic around the construction site. Motorists are advised to use alternate routes.

This work will require the complete closure of the intersections on Tuesday, October 15, 2019, unless weather or construction delays occur. Temporary closures should be anticipated over the following two (2) weeks for street repairs to be completed.
