

Boylston Parks & Recreation Facilities Listing with addresses and access points:

Harrington Park – 320 Sewall Street

Located at 320 Sewall Street, this park is under development. The Parks & Recreation Commission is working diligently to build walking trails and an overlook near the pond. The property currently has parking for nine cars and a short walking trail down to the great pond. The park can be accessed through the entrance off Sewall Street just passed Pine Street when heading south.

Manor Park

Manor Park is located in the Morningdale section of Boylston. The park consists of three baseball diamonds and a playground with swings, a sandbox, a climbing structure, tether ball, and a gaga pit. It can be accessed by turning onto Orient Street off Rte. 70 and driving to the end and onto Midland Street. The park is located behind a densely populated neighborhood that's home to many children, so please be considerate and drive slowly! Parking is available in the small lot, or along the tree line on Midland Street.

Center Court Park – 9 School Street

Center Court Park is located in the Center of Boylston near the intersection of Main Street and School Street. The best GPS address for this park is 9 School Street. There is parking available along the horseshoe driveway. This park has a basketball court that can double as a pickleball court. Pickleball equipment, including a net, balls, and paddles is available at the Boylston Public Library just up the street at 695 Main Street and can be checked out using a CWMARS library card. The playground equipment includes swings, a slide, and a climbing apparatus.

Hillside Complex – 221 & 215 Main Street

The Hillside Complex encompasses Town Hall Offices, the Police Department, the School Department, and the Parks & Recreation Office, as well as several recreation facilities. The facilities available at the Hillside Complex include a gymnasium, two soccer fields, a pavilion, a playground, a full 18-hole disc golf course, a community garden, and walking trails. The entrance to the Hillside Complex is conveniently located just off Rte. 70. For GPS systems, use either 221 Main Street (Town Hall) or 215 Main Street (Police/School/Recreation). The soccer fields, pavilion, and playground are located nearest the police station building on the hill. The pavilion has six picnic tables. The playground includes a sandbox and a large climbing structure. The disc golf course starts across from the upper municipal parking lot and is marked with signage along the whole route. The gymnasium is located in the Town Hall building (while looking at the building from the parking lot, enter the first door on the left). The gym is on the left as you enter. The entrance to the walking trails is located at the opposite end of the Town Hall building closest to the Food Pantry and down the hill (see the map on our site). The community garden is located behind the Town Hall building by the Food Pantry entrance. Plots are available for rent from the Parks & Recreation Department each spring. The Parks & Recreation Office, currently located at the back of the Police Department building at 215 Main Street (there is no entry through the PD); will be moving to 221 Main Street in the summer of 2025. All Hillside recreation visitors should park in the upper municipal parking lot during Town Hall business hours, as spaces in front of Town Hall are reserved for employees and residents conducting business. Thank you in advance for your cooperation with this rule!

Boylston Elementary School Softball Fields – 200 Sewal Street

The Parks & Recreation Department/Commission is responsible for scheduling the softball field located behind Boylston Elementary School. The field can only be used when school is not in session. The field is located at 200 Sewall Street, directly behind the Elementary School. There is plenty of parking available.

The Field at Rte. 70/140 Field

This field is located at the intersection of Rte. 140 & Rte. 70 in Boylston and is currently used for football and lacrosse. It can be accessed via GPS using 2 Elmwood Place as the address.
