

A MESSAGE FROM THE NEW BRUNSWICK WATER UTILITY

WE ARE TRYING TO REACH YOU

The New Brunswick Water Utility is continually undergoing advancements as it relates to all of its water metering technology. The newer and more accurate the meter in your house, the better the information we receive, which gives us the ability to keep your drinking water safe and compliant with all regulated standards. But we need your help to keep things up to date. If you receive an unusually large or ESTIMATED bill, you may have a leak in your system or your meter may be out-of-date. Please contact the Water Utility immediately. If your water meter is out-of-date, it may require an upgrade which is free of charge and will guarantee your account remains in good standing. You can call the Tax and Utility Billing Center at 732-745-5031, or e-mail us directly at TUBC@cityofnewbrunswick.org.

IF YOUR BILL SAYS ***ESTIMATED***, GIVE US A CALL.
