He reported that during spring break numbers came in and they received money for summer school. The dates for summer school this year is May 31 – June 23.

TCAP starts the week of April 18, 2022.

The last day of school is May 26, 2022.

Mark Blevins asked why last year teachers from other systems worked in the summer school program. Dr. McAbee stated that they are required to have so many teachers for so many students. They open it up to certified teachers first then teachers' aides, if they don't have enough volunteers, they have to open it up to teachers outside the system. Carter County teachers have the first opportunity to volunteer.

Nancy Brown asked about the possibility of Dr. McAbee leaving the system. He stated that the interview is next week.
