—FOR IMMEDIATE RELEASE—

## **CITY OF CHAMBLEE CONTRACTS WITH HDL COMPANIES TO PROVIDE OCCUPATIONAL TAX ADMINISTRATION SERVICES**

February 8, 2020—The City of Chamblee recently engaged HdL Companies, a provider of revenue enhancement technology and consulting services for local governments, to provide occupational tax administration services. The City of Chamblee values its relationship with the business community, and we recognize the difficulty this pandemic brought to our business owners. HdL Companies will provide assistance to the business community for all aspects of required occupational taxes and licensing, including applications, payments, certificate issuance and general business support.

The city and HdL are working closely to ensure a seamless transition with little to no impact on the business community. During the upcoming renewal period, the Business Support Center through HdL, will offer a variety of online support options allowing for filing and paying of occupational tax online as well as obtaining copies of forms and other relevant information. Applications also may be submitted via mail, e-mail or by phone. Please watch for occupational tax renewal notices and additional instructions from HdL on behalf of the city.

“We are thrilled to partner with the City of Chamblee and look forward to providing the city with revenue management solutions,” said Andy Nickerson, HdL Companies’ president. The firm currently provides sales and use tax services to more than 500 government agencies and has successfully implemented local tax and fee software and services for 265+ government agencies, currently processing \$450 million in taxes annually.
