## BACKGROUND

In early 2009, Champaign County Regional Planning Commission compiled a list of projects from approximately 25 agencies in the County. The list focused on infrastructure projects that would qualify as “shovel ready”, or ready to construct, within two years. Four types of infrastructure were requested by those agencies: Energy, Water, Transportation, and Facilities. The list was limited in that not all municipalities and agencies in the county could be contacted to request project information due to time constraints for completing the report. The final document, *2009 Project Profiles for Champaign County, Illinois (PPCC)* included 125 projects worth over \$546 million.

The 2010 update to the *PPCC* provides information about stimulus funding received according to the federal stimulus funding website, [www.recovery.gov](http://www.recovery.gov), the State of Illinois stimulus website, [www.recovery.illinois.gov](http://www.recovery.illinois.gov), an independent stimulus tracker website, [www.recovery.org](http://www.recovery.org), and follow-up communications with those agencies who participated in the 2009 *PPCC* report. Each source overlapped in most projects, but some unique data was encountered as well. We believe that this report provides a comprehensive snapshot of stimulus funding received by Champaign County agencies between February and December 2009. We know that there were stimulus “wish lists” created by other Champaign County agencies in 2009; this 2010 update can be used to track those lists as well without having to undertake data collection from the distinct stimulus tracker websites.

Stimulus funding received by Champaign County in 2009 transcended the infrastructure categories outlined in the 2009 *PPCC* report. Funding was received for infrastructure, educational programs and research, services, small business loans, and contracts. The following pages detail the funding received in each category and provide information on what projects from the 2009 *PPCC* received funding.

## OVERVIEW OF STIMULUS FUNDING AWARDED IN 2009

### ***Job Creation***

Job creation data is not readily available for many of the awarded projects. The federal stimulus website, [www.recovery.gov](http://www.recovery.gov), offers the number of jobs created as reported by recipients. As of December 2009, the projects awarded in Champaign County reported 136 new jobs created. The University of Illinois had the largest number of created jobs, with 128 of the 136 in the county. The other 8 jobs were created in Champaign, Urbana, and Rantoul. More comprehensive job creation reporting will likely become available over the next couple of years as part of contract regulations between the awarding agencies and the award recipients.

### ***Focus on the Future: Champaign County***

This report indicates that few of the priority projects in Champaign County have been granted stimulus funding. Alternatively, the University of Illinois has proven to be a major recipient of funding research grants, curricula, and other projects. The University will, as always, be a major local economic base that touches most of our population. In general, however, the County has a windfall of over \$162 million that would not have been available but for the federal stimulus program.

Local officials and staff should continue to focus on collaborative efforts to engage funding for projects that benefit our County. Attention to constantly changing grant opportunities needs a significant amount of attention during the stimulus funding rounds, which often have a very short window for applications.

Over the next year, the remaining stimulus funding will become available for award. Champaign County needs to focus on this unique stimulus funding opportunity while it is available while also balancing the search for other funding sources as they become available. Every community in the country will continue to compete for scarce funding, so Champaign County needs to be ready with project data, grant writers, and financial resources to remain competitive and have a chance at improving our communities.

## INFRASTRUCTURE

### 2009 PPCC Projects

All projects in the 2009 Project Profiles of Champaign County were infrastructure projects. There were 125 projects totaling over \$546 million in the 2009 PPCC:

- Energy: \$44,041,402 (8% of requested funding)
- Facilities: \$100,387,600 (18% of requested funding)
- Transportation: \$304,576,000 (56% of requested funding)

### 2009 Stimulus Funding Received

Table 3 shows that Champaign County has received \$4.39 million for six of the projects in the 2009 PPCC, approximately 0.8% of the total requested. As can be seen in Table 5, \$12 million was awarded to another 13 projects that were not in the 2009 report. In total, Champaign County received \$16.2 million for infrastructure projects during 2009.

**Focus on the Future: Infrastructure**

Five projects received equal rankings in the 2009 project prioritization process in terms of project readiness, job creation, sustainability, and other factors. Only one of the “top five” received stimulus funding: Windsor Road in Urbana. Three others, Boneyard Creek, Curtis Road, and Goodwin Avenue are either under construction or are complete as of this report. With at most one year of stimulus funding remaining, local efforts should be unified in focusing on the highest ranked projects in the 2009 CCPP.

**Table 7: Top Five Projects Identified in the 2009 CCPP**

Jurisdiction	Project Description	Type	Requested
Champaign	Boneyard Creek, Second Street Reach	Water	\$15,000,000

***Focus on the Future: Education***

The Regional Office of Education (ROE) located in Rantoul completed a stimulus “wish list” in early 2009 that includes all school districts in Champaign County. Focus should be placed on acquiring funding for the priorities listed in the ROE plan.

## SERVICES

### 2009 PPCC Projects

No services funding was requested in the 2009 PPCC. As mentioned previously, other agencies created their own wish lists that may include services funding requests. This report can be used to track such funding.

### 2009 Stimulus Funding Received

Thirteen agencies in Champaign County received stimulus funding totaling over \$13 million, as can be seen in Table 12.

**Table 12: Stimulus Funding Recipients in 2009**

<b>Total</b>		<b>\$13,028,939</b>

Projects that received funding can be classified into five basic themes: food assistance, housing and housing rehabilitation, educational assistance, services administration, and first responders assistance. Table 13 summarizes funding received by these themes.

**Table 13: Funding Received by Project Type**

Food Assistance	\$4,372,193	33.6%

First Responders Assistance	\$212,458	1.6%
<b>Total</b>	<b>\$13,028,939</b>	

Table 14 highlights the amount of funding received by municipality based on where the recipient agencies' addresses are located. Funding received may benefit a different geographic area than what is listed in Table 14.

Champaign	\$6,172,825
Rantoul	\$204,254
<b>Total</b>	<b>\$13,028,939</b>

***Focus on the Future: Services***

The 2009 PPCC did not focus on soliciting funding for services. Other agencies have stimulus "wish lists" that are largely independent of one another. Focus should be placed on assisting those agencies in acquiring funding for their priorities.

## SMALL BUSINESS LOANS

### *2009 PPCC Projects*

Small business loans were not a focus of the 2009 PPCC.

### *2009 Stimulus Funding Received*

The federal recovery website, [www.recovery.gov](http://www.recovery.gov), lists awards registered by funding agencies. The Small Business Administration awarded sixteen businesses in Champaign County over \$8 million in small business loans through stimulus funding by the end of 2009.

Table 15 summarizes funding received for Champaign County by geographic location. Funding may benefit a different geographic area than those listed. Names of the businesses are omitted to protect their privacy.

**Table 15: Small Business Loans by Geography**

Savoy	\$25,000
Tolono	\$135,000
Urbana	\$477,000
<hr/>	
Total	\$8,192,300

### *Focus on the Future: Small Business Loans*

Small businesses should be supported by distribution of informational materials related to available loan programs.

**CONTRACTS**

For purposes of this report, as defined by the federal recovery website [www.recovery.gov](http://www.recovery.gov), a Contract is “an agreement between a company and the Federal government for the provision of products or services”.

**2009 PPCC Projects**

Contracts were not a focus of the 2009 PPCC.

**2009 Stimulus Funding Received**

Eleven contracts were received by agencies in Champaign County or for projects to be completed in Champaign County. Stimulus funding for these projects totaled over \$5.5 million. Table 16 classifies the funding received by project type.

**Table 16: Stimulus Funding Awarded by Contract Type in 2009**

Research	\$2,140,275
Construction	\$2,480,874

Champaign	\$2,151,733
Rantoul	\$370,000

**Focus on the Future: Contracts**

Contract recipients are generally based on bids made by interested companies. Focus should be on facilitating local companies in their ability to provide low but sufficient bids for contracts.
