PLANNING COMMISSION MINUTES
JULY 19, 2022
CHELSEA MUNICIPAL BUILDING COUNCIL CHAMBERS
311 S. MAIN STREET, CHELSEA, MI

CALL TO ORDER

Chair Robinson called the meeting to order at 7:00pm.

Present: Claire Robinson (Chair), Vincent Elie (Vice Chair), Sarah Haselschwardt (Secretary), Julianne Chard, Marcia White, Heather Hunnell

Vacancy: One

Absent: Kyle Brayton, Jamie Lane

Others Present: Jess Spike, Chris Rode (Chelsea Animal Hospital), Jamie Gorenflo (McKenna), Kate Mehuron (City Council Liaison), and Rachel Kapolka (Assistant Clerk).

APPROVAL OF THE AGENDA

MOVED by White, SECONDED by Vince to approve the agenda for July 19, 2022. All Ayes. Motion Carried.

APPROVAL OF THE MEETING MINUTES

MOVED by White, SECONDED by Chard to approve the meeting minutes for April 19, 2022. All Ayes. Motion Carried.

MOVED by White, SECONDED by Elie to approve the work session minutes for June 21, 2022. All Ayes. Motion Carried.

MOVED by Haselschwardt, SECONDED by White to approve the meeting minutes for June 21, 2022. All Ayes. Motion Carried.

PUBLIC COMMENT

A resident from Cambridge Court expressed several concerns for the proposed Wolf Development.

Chair Robinson read a letter from a resident on E Old US 12 Hwy expressing concerns for the Wolf Development.

PUBLIC HEARING

1. Spike Rezoning – Chair Robinson opened the public hearing. There was one comment from a resident from Chelsea Townhome Association noting the close proximity of the property to the association property line and had several questions regarding the final site plan details. Chair Robinson closed the public hearing.
2. Rode Special Land Use – Chair Robinson opened the public hearing. There were no comments. Chair Robinson closed the public hearing.

OLD BUSINESS

None

NEW BUSINESS

- a. Spike Rezoning
 - Chair Robinson recused herself from the discussion
 - Commissioners discussed their options for this agenda item:
 - Tabling the item to include more commissioners
 - Holding a second public hearing
 - Hearing the applicant presentation

MOVED by Haselschwardt, SECONDED by Hunnell to table consideration of proposed Zoning Map amendment for the .69 total acres for parcels 06-06-12-325-025, 06-06-12-325-026, and 06-06-12-325-027 from R-3, Multiple Family Residential to R-2, Two Family Residential until the next Planning Commission meeting of an unspecified date. MOVED by Haselschwardt, SECONDED by Hunnell to amend the last portion of the motion to read until the next Planning Commission meeting to be determined but not later than August 31st. (5) Ayes, (1) Recuse. Motion Carried.

- b. Rode Special Land Use
 - Staff Report – Jamie Gorenflo
 - Applicant is proposing a new location for a small clinic at 1513 S. Main Street.
 - Outgrown current facility
 - New location is directly next door to their existing location. Currently occupied by IHA.
 - Small animal clinics are considered special land use
 - There are no proposed modifications to any of the site improvements or exterior components of the physical building
 - Reviewed recommendations in staff report
 - Chris Rode – Chelsea Animal Hospital
 - Outgrown current space
 - Currently own both buildings
 - Discussed short and long term uses
 - Will continue to use both buildings

MOVED by Chard, SECONDED by White to approve the Special Land Use Application for 1513 S. Main Street, Parcel No. 06-06-13-450-010 to allow a small animal clinic within the T-2, Transition 2 (Mixed Use) District based on the findings outlined in the planner's review dated July 13, 2022 and compliance with the standards found in Section 11.06 of the Zoning Code. All Ayes. Motion Carried.

DISCUSSION

- a. Staff Report – Jamie Gorenflo
 - o Will continue doing Community Development Reports
 - o Upcoming Agenda Items
 - Westchester Final Site Plan – plan received preliminary approval at the city council meeting. Planning Commission to provide final approval.
 - Discussed Tree Fund Ordinance
 - o Local Updates
 - Wolf Farms presentation at city council meeting was informational and for discussion. There were public concerns regarding traffic.
 - Joint work session to discuss city wide traffic assessment
 - Bylaws and attendance practices for commissioners
- b. Commissioner Reports
 - o ZBA – none
 - o Transportation Working Group – Chard
 - Restart issues – more bike and pedestrian centered
 - Speed bumps vs speed humps
 - Freer Rd -separate traffic from bike lanes

PUBLIC COMMENT (agenda or non-agenda items)

None

ADJOURNMENT

MOVED by White, SECONDED by Elie to adjourn the meeting. All Ayes. Motion Carried.

Meeting adjourned at 8:28 p.m.

Respectfully Submitted,

Rachel Kapolka (Assistant Clerk)

July 13, 2022

Planning Commission
City of Chelsea
305 S Main St #100, Chelsea, MI 48118

Subject: Request for Amendment to the Official Zoning Map: Rezoning of 0.69 acres from R-3, Multiple-Family Residential to R-2, Two-Family Residential

Location: Parcels: #06-06-12-325-025; #06-06-12-325-026; #06-06-12-325-027 (near Cleveland Street & West Middle Street)

Petitioner: Jess Spike, 6310 Werkner Road, Chelsea MI 48118

Dear Commissioners,

The applicant, Jess Spike, has requested the rezoning of 0.83 acres (Parcels: #06-06-12-325-025; #06-06-12-325-026; #06-06-12-325-027) from R-3, Multiple-Family Residential to R-2, Two-Family Residential. The parcels have frontage along Cleveland Street and W. Middle Street, as evidenced in the below graphic. We have reviewed the proposed rezoning and offer the following comments for your consideration.

REVIEW CRITERIA FOR REZONING

Section 16.04 of Chelsea’s Zoning Ordinance gives the criteria for approving a rezoning.

1. Whether the requested zoning change is justified by a change in conditions since the original ordinance.

The Master Plan, adopted 2019, classifies the existing land use of these parcels as single family residential. The Future Land Use Plan calls for Multiple-Family Residential. Currently, the zoning

designation of the parcels is R-3, Multiple Family Residential. The three parcels in the proposed rezoning are currently vacant (non-developed).

2. The precedents, and possible effects of such precedents, which might result from approval or denial of the petition.

The precedent of approving this rezoning would be correctly zoning properties that may have been overlooked in the past when crafting Chelsea’s zoning maps. The city should look to rezone properties that are clearly zoned for a use that may never take place at the site, such as the subject parcels, due to zoning dimensional requirements: minimum lot size in square feet; minimum lot width; district setbacks from property lines.

The applicant has provided conceptual site designs for the two-family dwelling units and associated driveway/vehicle parking area. We noted during the review of this conceptual plan that had the proposed development consisted of multiple-family dwellings, additional requirements such as 150 square feet of recreational area would need to be provided per dwelling unit.

Additionally, parking requirements stipulate that 1.5 spaces be provided per unit in a multiple-family development as compared to the two (2) spaces required in a two-family development. From experience, we note that a multiple-family complex on this site may have limited parking availability due to the size of the subject site, which in turn would be a source of irritation to residents and management.

Denying this request may produce future constraints on development. In addition, due to the limited subject site of 0.83 acres, meeting all the requirements for a multiple-family dwelling complex may be impractical and necessitate the need for variances from the Zoning Ordinance.

3. The capacity of the City of Chelsea or other government agencies to provide any services, facilities, and/or programs that might be required if the petition were approved.

It’s not anticipated the proposed rezoning will have significant effect on utilities and public services as the rezoning is to a use (two-family residential) that is less dense that what is currently permitted (multiple-family residential).

4. Effect of approval of the petition on the condition and/or value of property in the City of Chelsea or in adjacent municipalities.

Approving the proposed rezoning is not anticipated to affect the condition and/or value of property in the City of Chelsea or in adjacent municipalities.

5. Relationship of the petition to the adopted Master Plan and general development plan(s) of other government units, where applicable.

The existing land use, zoning and future land use designations for the site and surrounding parcels are summarized in the following table.

	Existing Land Use	Current Zoning	Future Land Use Designation
Site	Vacant (undeveloped)	R-3, Multiple-Family Residential	Multiple Family Residential
North	Single Family Residential	GI, General Industrial	Light Industrial

South	Chelsea Retirement Community	R-3, Multiple-Family Residential	Multiple Family Residential
East	Multiple-family residential dwelling.	R-3, Multiple-Family Residential	Multiple Family Residential
West	Chelsea Retirement Community	MI, Medical Institutional	Institutional

The Future Land Use Map designates the three (3) subject parcels as Multiple-Family Residential. Although the proposed Two-Family Residential District is not consistent with the Multiple-Family Residential land use designation, it seems improbable that the subject sites will be used for multiple family. This, in part, is due to the existing lot sizes of the three parcels, which do not conform to the standards of the existing zoning designation.

Therefore, we find that although the proposed rezoning isn't consistent with the future land use map, the rezoning of these three subject parcels would permit adaptive use of vacant land. Additionally, the rezoning would facilitate transitional use from multiple family to two family residences.

6. Whether the petition is consistent with the zoning classification of surrounding land.

The rezoning of the subject parcels would not be consistent with the zoning classifications of surrounding land. However, we note in our review that the subject parcels lack the 80 feet of required street frontage for the R-3 District. The rezoning request from R-3 to R-2 would bring the subject parcels into compliance with Section 3.06.A. of the Zoning Ordinance.

7. Whether the property in the petition complies with the regulations of the zoning district requested.

The subject parcels, if rezoned, would comply with the regulations of the zoning district being requested. Currently, the parcels do not comply with the existing zoning districts due to width being less than 80 feet.

8. Whether the property is suitable in terms of its physical features and location for all uses that are permitted in the zoning district requested.

The subject sites are currently vacant (undeveloped). All three subject parcels have frontage along a public roadway. The subject sites are believed to be suitable in terms of physical features and locations for the uses permitted within the proposed zoning district (R-2).

RECOMMENDATION

Based on the following findings, we advise the Planning Commission to recommend approval to the City Council of the proposed amendment to the zoning map of the 0.69 acres of parcels #06-06-12-325-025; #06-06-12-325-026; #06-06-12-325-027 from R-3, Multiple-Family Residential to R-2, Two-Family Residential, based on the following findings:

- 1) It's not anticipated the proposed rezoning will have an effect on utilities and public services as the rezoning is to a less intensive land use than is currently permitted under the R-3 District.
- 2) The subject parcels will comply with the regulations of the zoning district requested.

Please feel free to contact us with any questions.
