Commissioner Windhorst also stated that he spoke to Congressman Pierce about two of his constituents Matt Allen and Hardy Allen from MT Taylor Mill Works, they had a problem with the Forest Service on getting proper contracts to go in and cut lumber so they could continue to do their work. Congressman Pierce mentioned that he would help them process the paper work. Mt Taylor Mill Works employs 73 people here and in Albuquerque. Commissioner Windhorst also stated that he and the residents of Bluewater Village are still raising money for the Cemetery lowering device for the coffins. Commissioner Windhorst also met with the residents from Bluewater Village, Bluewater Lake and Bluewater Acres to schedule spring cleanup in April and May, and hoping to schedule one for the fall. Commissioner Windhorst also got in touch with Larry Maynard from the District 6 Highway Department and asked if they could help out the county with about 100 truckloads of millings for our road department, Larry Maynard will see how much they have and will get back to Commissioner Windhorst.

Commissioner Torrez asked Gary Porter to go take a look at a road in San Rafael to see what is needed to have it repaired, the road is very dangerous.

H. Public Comment

Sylvia Knotts stated that she is concerned about the county hiring or not hiring a manager with the correct qualifications, the current manager we have has the right qualifications, and we need to move the county forward. Sylvia Knotts mentioned to the commissioners if they are going to do a background check to see if the applicant have the qualifications needed to run the county. Mrs. Knotts last question to the commissioners was do you have the education to pick a new County Manager.

State Auditor Wayne Johnson stated to the commissioners that he wants the commissioners to understand that he is very interested and concerned about the current Audit findings for Cibola County for the 2016 findings. Mr. Johnson recommended that the commissioners to think about and encourage you to stay on course with the current managing staff that is here now. I believe they are making progress with your county.

Denice Cornett stated that she knows this is not an answer and question meeting, but she asked the commissioners to think very hard as to what their plan is for Cibola County to improve our financial stability.

Raymond Jenkins stated to the commissioners that he has been a resident of Cibola County for the past 25 years, and has seen our commission make one screw up after another, he thought that with this new commission things would be better, but now the county is in debt millions of dollars, are financial records are out of date and our audits are behind schedule. To your credit you hired a highly educated and skilled manager, but you seem to have undercut her authority, and that of the state officials to come and help our county. As a commission you should be collaborating with the manager.

William Stripp stated that he apologizes for the last meeting he attended in regards to the prayer issue he had brought up. Mr. Stripp also mentioned that he does not know why the county is spending money on Attorneys when the county is financial strapped right now, District Attorney Lemuel Martinez is capable of answering any questions the county might have. The other issue Mr. Stripp has is that why is the county still paying money on the Detention Center when it is not occupied, he suggested that the County go after the architects, engineers and anyone else that had a hand in constructing the Detention Center, there is a ten year statutory of limitations on the building.

Chairman

To the Cibola County Board of Commissioners Chairman I am drafting this letter in regards to my concerns about the 2017/18 budget. I had originally submitted a rough draft budget with no increases during the last budget cycle. As the Sheriff this is a strong concern for myself as well as the citizens of Cibola County public safety should be number one with the rise in crime and tough economic times the criminal element will only excel now is not the time to cut a lawenforcement budget in the last two years I have not requested an increase in my budget. Saying that, the cost of inflation rising prices in equipment, vehicle maintenance, overtime, uniforms, and training in all reality that's a 6% decrease each year for a total of a 12% decrease to my operating budget as the Sheriff I have been diligent at looking for outside resources to help cover overtime costs uniform costs, equipment costs to save money for the county. I believe that I have effectively managed my budget for the last several years and also provided a great public service for the citizens of Cibola County with limited resources and limited manpower. The original budget I submitted in 2017 that was approved by the commissioners and was later cut by the finance director shorting my overtime budget by roughly 51,000 dollars. Notwithstanding the additional increase of personnel at the Core Civic Detention Center. I will need roughly an additional 37,000 dollars in overtime funding to complete this budget cycle. With an aging fleet of vehicles at high miles repairs can be costly and again a cut was made to this line item and several break downs were unexpected I will need roughly 46,000 dollars to keep the vehicle fleet operational. The past finance director grossly underreported these line items to the commission in an effort to balance the county's overall budget had these reductions not been made I believe I would be with in my operation budget. I will also be available to answer any questions you may have in regards to fixing this problem. Again I'd just like to add that cuts to public service will only cost the county more in the long run.

Dolores Vallejos Chief Deputy Treasurer

March 26, 2018,

Cibola County Commission

As, Cibola County Treasurer, I am requesting a temporary employee for the second half 2017 Tax Season. I originally requested to hire an employee on March 5, 2018 at which time I was informed that I would have to approach the County Commission in order for the approval to hire. Therefore, I am requesting the approval in order to fully staff my office for tax season. I would like for my temp. to start employment on Monday, April 2, 2018.

The office has been operating without a full staff since September 2017, it has caused an overload for the 2 permanent employees I have left. I understand the budget situation, but if I am unable to provide a service to taxpayers the funds will be delayed which in turn could hurt the county. Please take this into consider when making your decision.

If you should any questions or concerns, please contact me.

Respectfully,

Kathy Gonzales

Cibola County Treasurer

WHEREAS, the Board of County Commissioners met in a regularly scheduled and duly noticed meeting on Thursday, January 25, 2018, at 5:00 p.m. in the Cibola County Commission Chambers; and,

WHEREAS, pursuant to NMSA 1978, Section 4-38-1 (1884) the powers of a county as a body politic and corporate are exercised by its Board of County Commissioners; and,

WHEREAS, NMSA 1978, Section 4-38-19 (1973) provides that [a] board of county commissioners may set the salaries of such employees and deputies as it feels necessary to discharge the functions of the county. . .; and,

WHEREAS, NMSA 1978, Section 4-38-13 (1876) provides that "[t]he board of county commissioners shall have power at any session to make such orders concerning the property belonging to the county as they may deem expedient; and,

WHEREAS, the Bateman Act, NMSA 1978, Section 6-6-11 (1968) prohibits a county, with certain enumerated exceptions, from incurring debt which it is unable to pay of money actually collected and belonging to the current year; and,

WHEREAS, this Board has determined that this hiring freeze and attrition policy is necessary in order to insure that County employees retain their positions in this time of severe budgetary constraints while allowing the County to comply with the Bateman Act and practice responsible fiscal management.

NOW, THEREFORE, BE IT RESOLVED by the Cibola County Board of Commissioners that the following Hiring Freeze for Non Safety-Sensitive Personnel is hereby adopted:

Hiring Freeze for Non-Safety-Sensitive Personnel thru June 30, 2018

Article I. Introduction

In light of financial constraints generated by the County's current revenue constraints, it is imperative that Cibola County control and reduce costs. The single largest expenditure in our government is personnel. In order to ensure that all employees retain positions in light of tight fiscal constraints, this Hiring Freeze Policy intends to outline a procedure for addressing any vacancies as may occur during the remainder of this fiscal year. This policy explicitly exempts the County Manager and the County Finance Director, and does not apply to grant funded positions. This shall include both full-time and part-time positions.

Article II. Vacancies

When any vacancy occurs in any County Department, the Department Head shall examine departmental operations to determine if Department operations can be maintained without filling the position. The Department Head shall examine the position duties and determine whether those duties can be accomplished through reassignment to other employees within the Department or through departmental reorganization.

After analyzing the need for the position, if the Department Head determines that the position does not need to be filled and can be handled through reassignment of duties without reorganization, the Department Head shall report the decision to the Human Resource Director. As part of this process, the Human Resource Director, in consultation with the Department Head, will determine if the job descriptions of either the vacant position or other departmental positions require adjustment or amendment. No further action will be required.

If the Department Head determines that the position needs to be filled, he/she shall detail the justification for filling the position in a memo to the Human Resource Director and the County Manager. The memo shall include a summary of the analysis taken by the Department Head regarding alternatives to filling the position and the reasons why the alternatives are not feasible.

The County Manager and Human Resource Director shall review the Department Head's justification for filling the position and determine the budget impact of filling the position. If, after review, the County Manager concurs that the position should be filled, the Manager shall forward the Department Head's request to the Board to make a determination as to whether the job will be filled pursuant to the County's Personnel Policy.

Article III. Position Creation

In the event that a Department Head determines that departmental needs have changed sufficiently to warrant the addition of a new position, the Department Head shall propose the new position in writing to the County Manager and Human Resource Director. Prior to presenting a new position proposal, the Department Head shall consult with the Finance Director

to determine the fiscal impact of such new position. The new position proposal memo shall include a brief outline of the new position responsibilities, the projected fiscal impact including any potential offsetting revenues, and Department organization impact.

If, after review, the County Manager concurs that the position should be created, the Human Resources Director shall prepare a position description and the Manager shall forward the Department Head's request to the Board to make a determination as to whether the job will be created.

ARTICLE IV. SALARY INCREASES

In the event that a Department Head determines that an out-of-cycle pay increase is warranted based on additional duties and/or responsibilities to be performed by the employee, or for the purposes of employee retention, the Department Head shall propose the out-of-cycle pay increase in writing to the County Manager and Human Resource Director. Prior to presenting a an out-of-cycle pay increase, the Department Head shall consult with the County Manager to determine the fiscal impact of the increase. The out-of-cycle salary increase proposal memo shall include a brief outline of the additional position responsibilities or other circumstances warranting the increase, the projected fiscal impact including any potential offsetting revenues, and Department organization impact.

If, after review, the County Manager concurs that the out-of-cycle pay increase should be granted, the Manager shall forward the Department Head's request to the Board to make a determination as to whether the out-of-cycle pay increase should be granted.

APPROVED, ADOPTED, AND PASSED on this 25th day of January 25, 2018, by the Board of County Commissioners of Cibola County, New Mexico.

Opportunity Zones

A new way to finance projects in underserved areas

Overview, Background and Description

Public Law 115-97, also known as the *Tax Cuts and Jobs Act of 2017*, provides for the governor of each state to nominate certain census tracts as "Opportunity Zones". Each governor must submit these nominations to the federal government no later than **April 20, 2018** (inclusive of 30 day extension). The Act allows each governor to nominate up to 25% of the total number of eligible census tracts within the state as Opportunity Zones.

Eligible Census Tracts

To be eligible as an Opportunity Zone, census tracts must qualify as "low-income," and must meet one of the following qualifications as established by the U.S. Treasury:

1. The tract has a poverty rate of at least 20%

OR

2. (A) For a census tract in a metropolitan area, the tract's median family income does not exceed 80% of the greater of: the metropolitan area median family income or the statewide median family income; or (B) For a census tract in a non-metropolitan area, the tract does not exceed 80% of the statewide median family income.

In general, qualified census tracts will be the same as those designated for the *New Markets Tax Credit Program*. The U.S. Department of the Treasury has published a map and list of eligible census tracts, available

at https://www.cdfifund.gov/Pages/Opportunity-Zones.aspx.

To simplify the process the Economic Development Department has provided a list of all 249 eligible census tracts in New Mexico (as determined by the U.S. Treasury), which can be downloaded <u>HERE</u> (Excel spreadsheet).

What is the benefit of being designated an Opportunity Zone?

Designation as an Opportunity Zone allows for the creation of a new class of investment vehicle with tax advantages authorized to aggregate and deploy private investment to support Opportunity Zone Property located in Opportunity Zones. The purpose of these tax advantages is to attract capital investment into economically distressed areas.

- Designation will be in place for ten years.
- Investment vehicles would be certified by U.S. Treasury Department.
- Investment is optimized for flexibility.

What factors should counties consider when prioritizing qualified census tracts for designation as Opportunity Zones?

New Mexico will be able to submit a total of 63 census tracts, which represents 25% of the 249. Of the 63 total tracts, only a total of four (4) may be contiguous tracts.

Each County Manager (or his/her designee) will lead the process to rank qualified census tracts within their County. In prioritizing tracts, the County Manager should consider factors including, but not limited to:

- Potential to cause high impact effect and success in job and wealth creation through OZ designation
- Addressing blight, spurring development and/or re-development
- Engendering entrepreneurship
- Propelling business expansions and new investment/project activity
- Level of private sector interest for investment (or potential to attract)
- Tracts that contain projects on County or Local Government ICIPs and/or other identified public infrastructure priorities
- Tracts that are part of existing economic development plans (i.e. to build target industry clusters and/or drive diversification)
- Tracts that are part of, or contain, economic development designations (i.e. MainStreet, MRAs etc.)

Contiguous Tracts

When nominating your tracts, please be sure to include any contiguous tracts, but remember they must be accompanied with one or more corresponding eligible tracts in the ranking form. Any contiguous tract that is included and not accompanied with the correct corresponding eligible tract CANNOT be considered. To see which contiguous tracts qualify as well as the corresponding eligible tracts that must accompany the nominated contiguous tract, please reference the Excel spreadsheet that EDD has provided below ("Download the Qualified Census Tracts in New Mexico").

New Mexico Economic Development Department's Process & Role

The Economic Development Department (EDD) is working with the Governor's office to create a list of Opportunity Zones for New Mexico. The first step in this process is soliciting a list of prioritized tracts from each of the state's

33 counties. EDD's <u>Community</u>, <u>Business & Rural Development Team</u> is available to answer questions and help guide each County through this process. EDD strongly encourages County leaders to collaborate with local governments, economic and community development organizations, and tribal entities when ranking tracts for the County.

An online application has been developed for your submittal. Please be aware that of the 249 eligible census tracts and 89 contiguous tracts statewide, New Mexico can only submit 63 tracts. The timeframe to complete this process is short, and EDD will **only accept submittals from each respective County Manager** on behalf of the collaborative group. Each County shall only submit tracts from the eligible list as established by the <u>U.S. Treasury</u>. A County shall not submit more tracts than the number of eligible tracts it has listed on the eligible list. If the County chooses to add

contiguous tracts it must be accompanied by a corresponding eligible tract. If a County has more than 25 eligible tracts, it shall only submit/prioritize 25 tracts for consideration. You are encouraged to work with your <u>Regional Representative</u> in this process.

The OZ application is comprised of basic questions that require the County Manager or his/her designee to complete. The person filling out the OZ application will need to upload the Collection Form which was created by NMEDD to help you prioritize the qualified census tracts and give reasons as to why it should be considered. An application that does not have an uploaded Collection Form will NOT be considered.

Timeline

- Your application and ranked list of qualified census tracts must be uploaded and received by the Department no later than March 21, 2018. This page will be disabled after the deadline.
- Applications for Opportunity Zone designation will only be accepted from the County Manager or his/her designee.
- Prioritized requests will only be accepted when submitted through this web page.

Final Approval and Authority to Designate Opportunity Zones

Per U.S. Treasury directive, the Governor will make the final determination and submit the nominated census tracts for designation to the Department of the Treasury. These nominated tracts, once approved by Treasury, will remain in place for ten years from the date established by the Department of the Treasury.
