### H. Reports

- **a. Finance Report-Paul Ludi-** Will forego his report this meeting to make time for the public comment.
- Sheriff's Report- Sheriff Tony Mace- He has been in law enforcement for over 20 years. He has dealt with many issues with firearms and has seized firearms from felons. There are current laws that allow for that he considers them reasonable sound and necessary. Does not find the current laws in the legislature sound or necessary. The laws already in the book cover address everything that is being proposed. The new laws being proposed today are over reaching and all law enforcement from the local and federal level to enter homes without a warrant and remove firearms without statements. These laws will make it a criminal offense for anyone to own them and make criminals out of the innocent hard working people. They do not protect the law abiding citizens only the criminal element. HB 83 risk protection order law allows law enforcement to seize firearms and protection orders deemed extreme risk. HB8 requires background check for sale or transfer of firearms. Majority of sales on firearms already require background checks. This bill also makes people criminals for wanting to sell their property. These bills are intended to restrict law abiding citizens from owning firearms. Criminals do not follow the laws. He took an oath to protect to Constitution and the laws of the United States of America. By introducing this resolution he is upholding his oath as a sheriff of the people of Cibola County. Our voices and being heard in Santa Fe or in the legislature.

# I. <u>Public Comment</u> for New Business item A. Consideration of Resolution 19-22 Declaring Cibola County a Second Amendment Sanctuary County

Mayor Hicks- He was a United States Marine and he took oath to uphold the Constitution. The City is also considering this resolution on Monday night. The people sitting in Santa Fe seem to forget the oath. There needs to be a sit down with each one and remind them of their oath.

Damon Lance Shoup- Senate Bill 8 talk about a natural citizen. He teaches a youth organization how to shoot firearms. They can't always afford their own guns. Under this bill the club is not natural citizen it is a club. All the transfers he does with his students will have to have back ground checks done. They are all under 18 so they will come back denied.

Dan Stokes-Traveled to 50 countries in his life that don't have 2<sup>nd</sup> Amendment rights that's not something we want here. Alcohol abuse is responsible for more deaths than firearms. There is no a national registry for alcohol abuse or a 10 day waiting period to buy.

Thomas Manrupt- lived in New Mexico for 10 years, prior to that lived in Baltimore Maryland. He served 27 years as a police officer. He swore to defend the Constitution he still takes it very seriously. He asks for this to be approved. States with the most restricted gun laws in this country have the most homicide rates.

Rebecca Calvert- From Rio Arriba County. Hunted for the first time in Cibola County. Used her boyfriend's gun with the new law they could have both been charged with misdemeanors for sharing a firearm. Tonight you have a chance to stand with your Sheriff and pass this resolution.

James Doug- Please approve this resolution and stand with the Constitution.

Ronnie Pynes- Wants to thank Sheriff Tony Mace. He supports this resolution.

David Laughlin- He is a gun store owner in the County. He also took his oath he is a fellow engineer. We have had background checks for decades. People who get background checks are not criminals. In 2016 there was 144,000 background checks denied, 44 prosecutions and 4 convictions. Over 98% of background checks are false positives denials are false positives. Some background checks break the law, he cannot do background checks on mussel loaders.

Randy Ryan- since 1999 he has done about 1000 background checks and not one has been denied, because criminals don't go to him to buy firearms. He's also a concealed carry instructor, who also does women only courses. They handle different types of firearms to see what works for them. With this new law all the people in his classes will be considered criminals.

Aaron Dean- He is also a veteran that took an oath to protect the constitution. He supports this resolution.

Tony Boyd- his family has lived here since 1959. He grandfather served in WWII and his father in Korean War he did not serve in a war but he did serve in the US Air Force. He took an oath to protect the Constitution and this country against all enemies. He's taken his oath with Fire Department and EMT he has a concealed carry license. He supports this resolution.

### J. New Business- Action May Be Taken

a) Consideration of Resolution 19-22 Declaring Cibola County a Second Amendment Sanctuary County

Motion to approve Resolution 19-22 Declaring Cibola County a Second Amendment Sanctuary County made by Commissioner Windhorst, Second by Commissioner Torrez 4-1

affirmative. Commissioners Torrez, Windhorst, Lucero and Garcia voted yes, while Commissioner Lowery voted no.

Commissioner Garcia's comments on the Resolution- I took my oath it says "I solemnly swear that I support the Constitution of the United States and the Constitution and the laws of the State of New Mexico, and that I will faithfully and impartially discharge the duties of Cibola County Commissioner of which I am about to enter to the best of my ability so help me God". This is the oath that I took. And what you have placed before us tonight a Resolution that say that I will uphold the Constitution of the United States and that's what I have taken my oath on. Furthermore it says I will support the Constitution and the laws of New Mexico. The laws that are in place as of this moment that's what I have to support and uphold the law. Furthermore it says that I will do what I can to the best of my ability to take all the positions that I have and that is what I have been doing for the last two in a half years. I have a year and about ten months left in this firm and I will continue to do what I can to uphold and do the job that I have entered, and that is what I have been doing along with my fellow commissioners. When I took my oath I was sincere about it and will continue to be sincere about it. There's no doubt in my mind where I stand with this. Furthermore I would like to say as a member of a Native American community The Navajo Nation I have to know that I have parents I have people that have put their lives on the line. Furthermore it was my people that help prepare the way to victory in WWII the famous Navajo Nation code talkers. I have family that are warriors that are long time hunters that have used weapons, whether it from arrows or from guns or from whatever means. To provide and support their families for many years. I have a son that is a firearm instructor and does instruct youth at all levels. I talked to him and we discussed this. He said that it is the Second Amendment and it is up to us to uphold that and be honest on how we uphold that so that we do no abuse that. Once we start abusing that then somebody is going to come in and tell us no that's not the right way to do it. But it seems like everybody in this room understands that and wants to move forward and protect out rights based on that. I don't think that anybody that's here has used firearms or any other methods against any other person and that's not the purpose that we are here for to protect that right that would be wrong. Because I'm here and know that our Sheriff is here to protect them and serve the public to protect to safety of the public and that's what you need. That's what all law enforcement is here for is to protect the welfare of our constituents in the County here and that's what we stand behind. We each have a responsibility as an elected official by taking this oath that's what we do. Not only the Constitution of the United States but the Constitution and laws of New Mexico and to the position that we will serve to the best of our ability and that means that we have to do it for all our constituents within the County that's where I stand and I want you to know that based on the Resolution that has been placed before us I am supporting that.

# **CIBOLA COUNTY UPDATES**

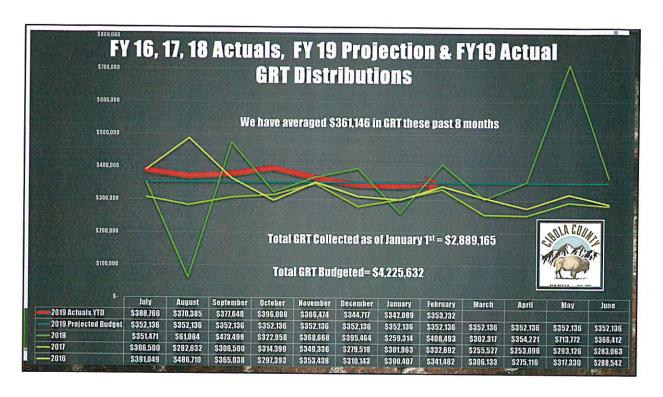

- Asset listing nearly complete
- Reconciled through February 28, 2019 except for:
  - Operating Account
  - Tax Operating Account
- Currently developing the interim budget

The company RCI has been out here the past couple of weeks listing all of the county's assets and tagging everything. They are assigning the assets by room, department, or building. This has been a repeated a material weakness audit finding that will be resolved in the FY20 audit.

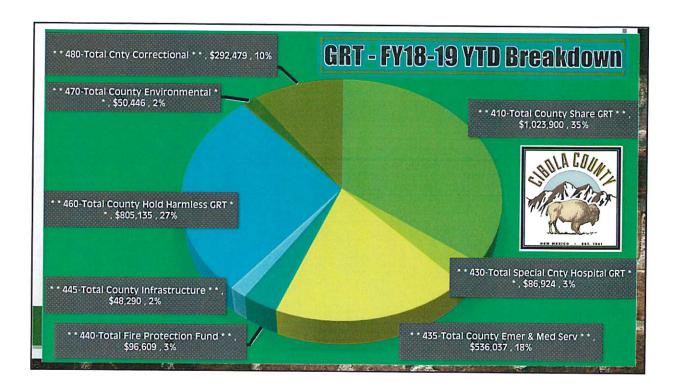

We are fully reconciled through February except for the main operating account due to our accounting software company not cooperating with the counties requests. This issue will be resolved by ?????? The <u>tax</u> operating account is also still unreconciled but we have met with the treasurer's office to create a timeline as to when it will get reconciled. The tax account has been a repeated audit finding for not being reconciled. Wendy Self, our procurement & risk manager is assisting the Treasurer's office to help ensure we get rid of this finding in our FY20 audit.

Wendy and I met with many departments so far about their budgets. Wendy Self has been cross-training in the budget process this year. We're half way there. I am hoping to get all revenue projections and department requests completed by next week. Then the County Manager and I will review the requests and create the Manager's budget recommendation which will be consistent with the commissioner's vision so commissioner's please share your vision with Kate. We will work out any discrepancies

between the manager's recommendation and department request before we get approval of the budget. After that, I will be announcing and holding a budget meeting with the public to get your input on the budget as well. Because the public will be giving input I request all commissioners attend. We will notify the public in the ad that a quorum may occur but there will be no action and follow the open meetings act requirements. We will then finalize the iterim budget.

Here we see our current actuals of Gross Receipts Tax this year. This is represented in the bright red line ending with the arrow. The 2019 numbers changed a little this presentation as I hadn't included the environment taxes previously. The straight teal colored line is what was projected to be collected. The darkest green line represents last years GRT, The light green line represents 2017, and the yellow line represents 2016. We are now averaging \$361,146 per month compared to our GRT projection of \$352,136 per month.

Here is a breakdown by percentage of what types of Gross Receipts Taxes have been collected.

The Correctional is dedicated to our inmate costs in the Detention Fund.

The environmental GRT is intercepted before it comes to our coffers and goes to the Northern New Mexico solid waste authority. It is accounted for in our General Fund.

The hold harmless is dedicated to paying our Series 2014A Bonds which built the detention center.

The county Infrastructure is dedicated for general purposes in the general fund.

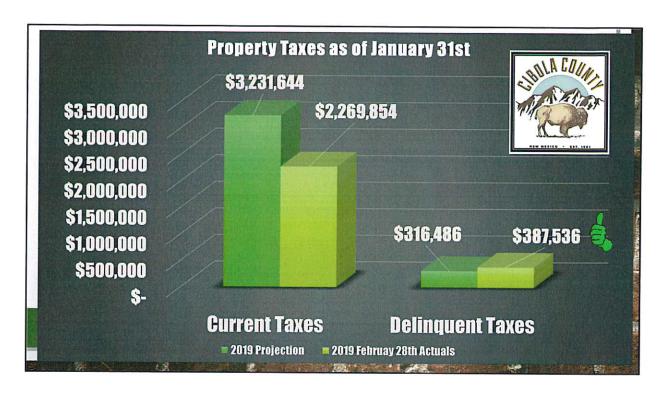

The Fire Protection GRT is dedicated in our County Fire Protection Fund.

Our County Share GRT is dedicated to 3 funds. Our Indigent Fund, 2014 B Bond Fund, and general fund.

The special County Hospital GRT is actually a residual type of GRT. It comes from the

medical and food hold harmless porion from when Cibola county used to have a hospital tax was enacted. When the tax increment deactivated the hold harmless portion stayed. I contacted Tom Clifford at the Taxation and Revenue Department and he confirmed to me we could use it for general purposes. It is in our general fund.

The County Emergency and Medical Services GRT is dedicated to our E-911 program in the consolidated dispatch fund.

Another main revenue source is our property tax. We projected to receive \$3,231,644 in property tax this fiscal year. As of January 31<sup>st</sup> we have collected \$2,226,291 of that. This is 69% of what we expect to collect this year.

As for the Delinquent Property Taxes we have budgeted to receive \$316,486 and have collected \$372,486. The Delinquent Taxes are what was outstanding from prior years. This is \$56,000 more in revenue than was expected so far. Good news.

Due to payroll information not being updated yet in our accounting software I could not update my projection in this report.

As an FYI, This will change from last time because there have been reclassifications of positions within departments and changes with correctional staff.

This represents our year to date actuals up to February 28<sup>th</sup> and I have highlighted the areas we are working on to ensure proper budget management.

The green highlighted cell shows our inmate trust fund which we are working on to clean up the outstanding checks in. We will be working with the Treasurers office to get this cleaned up.

The grey highlighted cells near the top have increased unbudgeted revenues close to \$80,000 and unbudgeted expenditures close to \$200,000 we did not budget for and the next slides will shows the necessary budget adjustments needed to budget for these increases.

The blue highlighted cell at the top will probably need to be covered by a certain portion of general fund money and taylor grazing fees from the federal government. There is a budget adjustment for the entire deficit for now because we can't report a deficit to DFA or have a deficit in any fund by year end. The middle blue highlighted cell is just timing from a grant reimbursement and will be monitored for now. The blue cell at the bottom the ankle monitoring program which has just restarted. We are seeking Milan and the City of Grants to use this program as well. The goal is to reduce our

inmate costs by keeping citizens out of jail.

The orange cells were temporary transfers borrowed from the general fund to cover deficits caused by timing of reimbursements of grants and the E-911 fund has higher expenditures in the beginning of the year and neded a little help until the revenues caught up to pay those off. The E-911 program appears it will be self-sustaining next year. All those cash amounts will be transferred back to the general fund.

The yellow highlighted shows our transfers out equal our transfers in and that is a must.

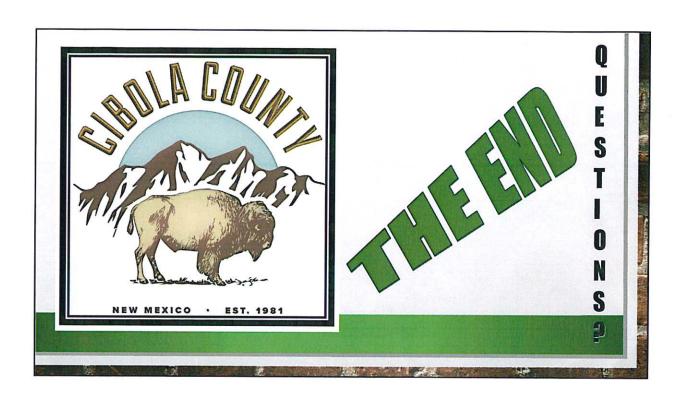

Does anyone have any questions on what we are working on?

So now we get into budget adjustments. These will need a vote of approval later in the meeting. This is the schedule A of budget adjustments needed to re-align the budget, increase revenues, and increase expenditures. I highlighted the significant increases. We also had other major expenditures that were unforeseen and used up a lot of budget authority in the general fund such as the POTCO payments, New Mexico Council of Governments payments, NMSU Extension payments, and appraisals. Thus the need for more budget authority at our spending level in the general fund.

- 1. General: When the State Purchasing Agent or his/her designee issues a purchase document in response to the Vendor's bid, a binding contract is created.
- 2. Variation in Quantity: No variation in the quantity of any item called for by this order will be accepted unless such variation has been caused by conditions of loading, shipping, packing or allowances in manufacturing process and then only to the extent, if any, specified in this order.

#### 3. Assignment:

- a. Neither the order, nor any interest therein, nor any claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in Subparagraph 3b or as expressly authorized in writing by the State Purchasing Agent or his/her designee. - 7. Inspection of Plant: The State Purchasing Agent or his/her designee may inspect, at any reasonable time, the part of the Contractor's, or any subcontractor's plant or place of business, which is related to the performance of this contract.
- 8. Commercial Warranty: The Vendor agrees that the supplies or services furnished under this order shall be covered by the most favorable commercial warranties the Vendor gives for such to any customer for such supplies or services. fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of Page-3 subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. The rights of the State provided in this paragraph shall not be exclusive and are in addition to any

other rights now being provided by law or under this order.

12. Non-Collusion: In signing this bid the Vendor certifies he/she has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the State Purchasing Agent or his/her designee.

- 17. Workers' Compensation: The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation benefits for its employees. If the Contractor fails to comply with Workers' Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the contracting agency.
- 18. Bids must be submitted in a sealed envelope with the bid number and opening date clearly indicated on the bottom left hand side of the front of the envelope. Failure to label bid envelope will necessitate the premature opening of the bid in order to identify the bid number.
- 19. Contractor Personnel: Personnel proposed in the Contractor's written proposal to the Procuring Agency are considered material to any work performed under this Price Agreement. Once a Purchase Order or contract has been executed, no changes of personnel will be made by the Contractor without prior written consent of the Procuring Agency. Replacement of any Contractor personnel, if approved, shall be with personnel of equal ability, experience, and qualifications. The Contractor will be responsible for any expenses incurred in familiarizing the replacement personnel to insure their being productive to the project immediately upon receiving assignments. Approval of replacement personnel shall not be unreasonably withheld. The Procuring Agency shall retain the right to request the removal of any of the Contractor's personnel at any time.
- 20. Subcontracting: The Contractor shall not subcontract any portion of the Price Agreement without the prior written approval of the Procuring Agency. No such subcontracting shall relieve the Contractor from its obligations and liabilities under this Price Agreement, nor shall any subcontracting obligate payment from the Agency.
- 21. Records and Audit: The Contractor shall maintain detailed time and expenditure records that indicate the date, time, nature, and cost of services rendered during this Price Agreement's term and effect, and retain them for a period of three (3) years from the date of final payment under this Price Agreement. The records shall be subject to inspection by the Agency, State Purchasing Division, Department of Finance and Administration, and for Information Technology contracts, State Chief Information Officer. The Agency shall have the right to audit billings, both before and after payment. Payment for services under this Price Agreement shall not foreclose the right of the Agency to recover excessive or illegal payments.
- 22. The foregoing requirements for Contractor Personnel, Subcontracting, and Audit shall be inserted into all subcontracts from the prime contractor to the subcontractor.
