- No strikeouts, walks, leadoffs or steals.
- No scoreboard during regular games – focus on skills, fundamentals and understanding of the game vs score
- Find catcher from stands for each game
- Coaches make the calls on the field of safe or out
- All players are positioned in the field each inning.

**Other Items:**

Boys will be moved around to different positions, but for safety reasons some boys may not play certain spots. As they age and progress with their skills, they will be able to move to those positions. Also, remember these are little boys; many of them are having their first experience with a competitive sport. Please keep positive, be encouraging and supportive. If they do not enjoy the experience, they will not want to continue. At this level, the main focus is to learn and to have fun – not who wins/loses or if the right call was made on the field. Cheer them on. Practice with them at home- this is how they will get better!!! Coaches will do their best to make fair calls, help the boys, etc; again we want this to be a fun experience!!!
