Schedule A
Description of Emergency Management Services

The County shall provide Emergency Management Services (the “Services”) through its Department of Emergency Management (“SCDEM”) to Cities, Towns, and Tribes (individually “Participating Jurisdiction”, and collectively “Participating Jurisdictions”). These Services shall include the following:

1. Disaster Response and Recovery Coordination: SCDEM will coordinate emergency management activities in order to endeavor to minimize death, injury, and damages to property, the economy, and the environment during natural or man-made disasters as follows:

a. Maintain an emergency management organization compliant with state and federal guidelines, adhering to the commonly practiced principles of emergency management and utilizing the tenets of the National Incident Management System (NIMS).

b. Provide a 24 hour per day Duty Officer for emergency management issues. The Duty Officer is available via SNOPAC.

c. During disasters as defined by RCW 38.52.010(6), activate the Snohomish County Emergency Operations Center (SCEOC) to support participating jurisdictions.

Requests to activate the SCEOC will be made to the Duty Officer via SNOPAC. The level of SCEOC activation will depend on the situation and the need for coordination and support. The decision to activate the SCEOC, and at what level, is made by the SCDEM Director, Deputy Director, or the appropriate designee in the SCDEM line of succession.

When requested, and at the discretion of the SCDEM Director, Deputy Director, or the appropriate designee in the SCDEM line of succession, SCDEM will deploy a liaison(s) to the participating jurisdiction to directly assist with incident management leadership, technical support and assistance, and/or use of mobile assets. During activation of the SCEOC, SCDEM may request that jurisdictions deploy liaisons to the Snohomish County EOC to, among other things, enhance communication between the SCEOC and the incident site(s).

d. During disasters, as defined by RCW 38.52.010(6), activate the Snohomish County Comprehensive Emergency Management Plan (SCCEMP) and Emergency Operations Plan (SCEOP). These plans articulate the roles and responsibilities of the County and its jurisdictions, and the SCEOC’s procedures, respectively. Participating jurisdictions will, with the support of SCDEM as outlined in Section 2 of this schedule, develop and maintain plans and procedures that support the SCCEMP and SCEOP.

e. Make available the County’s emergency resources not required for use elsewhere during emergencies. Use shall be determined and prioritized by SCDEM. The Participating Jurisdictions agree that the County shall remain harmless in the event of non-availability or non-performance of the equipment.

f. As needed, SCDEM will request additional assistance on behalf of the Participating Jurisdictions through established emergency management protocols—from the County to State, State to Region, and Region to National levels.

g. Under the provisions of SCC Chapter 2.36, initiate, through the County Executive a Proclamation of Emergency when SCDEM determines that a public disorder, disaster, energy emergency, or riot exists which affects the life, health, property or public peace.

h. SCDEM, in conjunction with the participating jurisdiction and the State's Emergency Management Division (EMD), will coordinate FEMA's post-disaster preliminary damage assessment (PDA) process. The participating jurisdiction will be responsible for tracking and reporting activities potentially reimbursable by federal and/or state disaster assistance programs. Each participating jurisdiction remains responsible for the costs it incurs.

i. When requested and practicable, SCDEM will provide technical assistance to support participating jurisdictions' disaster recovery efforts.

2. Planning, Training, and Exercises: SCDEM will maintain emergency management plans in accordance with applicable state and federal laws, regulations, and guidance. It will also maintain training and exercise programs that adhere to state and federal guidance including the National Incident Management System (NIMS), Homeland Security Exercise and Evaluation Program (HSEEP), and Emergency Management Performance Grant (EMPG).

a. SCDEM will provide technical assistance (templates, meeting facilitation, and plan review) to participating jurisdictions in order for them to maintain a comprehensive emergency management plan (CEMP) that meets the requirements set forth in RCW 38.52.030 and WAC 118-30-060.

b. SCDEM will maintain a multi-jurisdictional hazard mitigation plan (HMP) that complies with the Disaster Mitigation Act of 2000 (DMA2K) and 44 CFR §201.6 and, when requested, provide technical assistance in order for its participating jurisdictions to meet the requirements for participation in the HMP.

c. When requested, and at the discretion of the SCDEM Director or Deputy Director, SCDEM will provide technical assistance and/or templates to participating jurisdictions in order to develop functional emergency management plans and procedures. Examples of such plans include mass fatality plans, disaster debris management plans, emergency operations plans, and emergency operations center procedures.

d. SCDEM will conduct an annual training and exercise planning workshop (TEPW) in order to develop a coordinated training and exercise calendar. Participating jurisdictions desiring training and exercise support from SCDEM must be represented at the TEPW. SCDEM will coordinate one county-level functional exercise annually and provide additional training and exercise opportunities based upon the population or type of the jurisdiction as described below.

i. Jurisdictions with a population greater than 10,000 and Tribal Nations: SCDEM will provide, at a minimum, the delivery of two training and two exercise opportunities annually.

ii. Jurisdictions with a population of 10,000 or less: SCDEM will provide, at a minimum, the delivery of one training and one exercise opportunity annually.

3. Warning, Notification, and Emergency Communications: SCDEM and the participating jurisdiction will utilize protocols and guidance established in the Snohomish County Comprehensive Emergency Management Plan (CEMP) and SCDEM Emergency Operations Plan (EOP).

a. As resources allow, SCDEM will utilize multiple means of communication to notify, warn, and/or provide information and instruction to the general public regarding impending or occurring disasters.

b. SCDEM will provide the participating jurisdiction with training, information, and/or technical assistance to endeavor to ensure communications interoperability during a crisis.

c. SCDEM will facilitate access to, and training on, applicable incident management sites and software.

4. Volunteer / Emergency Worker Management: SCDEM will work in collaboration with participating jurisdictions to develop volunteer capabilities that augment participating jurisdictions' local disaster response efforts; specifically, the Snohomish Emergency Response Volunteers (SERV), Community Emergency Response Team (CERT) and/or an emergency communications volunteer group, e.g. the Snohomish County Auxiliary Communications Service (ACS).

a. SCDEM will maintain a central database of these volunteers and facilitate their registration as emergency workers in accordance with the Washington State Emergency Workers' Program. Annually, SCDEM will provide to the participating jurisdictions a list of the volunteers living within each jurisdiction's respective boundaries.

b. SCDEM will create AlertSense notification lists for these groups.

c. SCDEM will develop, maintain, and centrally manage the Snohomish Emergency Response Volunteer (SERV) group. This group's purpose is to provide volunteers able to augment jurisdictional emergency operation centers (EOCs), manage community points of distribution (CPODs), and manage volunteer reception centers (VRCs).

d. SCDEM will provide oversight for a countywide CERT capability based on self-organized and governed CERT teams in a regional construct. In this construct, SCDEM will provide initial CERT training and support volunteer Regional Coordinators that will be

responsible for coordinating with the SCDem Volunteer Coordinator for ongoing training, recruiting, and meeting place logistics.

i. SCDem will provide, at a minimum, annual initial training for CERT volunteers. Initial training will consist of the CERT program as outlined by FEMA's Emergency Management Institute (EMI) and damage assessment (i.e. windshield survey) training.

ii. SCDem's Volunteer Coordinator will meet with the Regional Coordinators annually to establish a yearly training calendar for the regional teams, and then quarterly throughout the year.

iii. Semiannually, SCDem will host a countywide CERT meeting. Each team's Regional Coordinator, with the support of SCDem, will be responsible for additional meetings and trainings.

iv. SCDem, in collaboration with the Regional Coordinators, will develop and maintain countywide CERT policies that ensure consistency and are applicable to all of the regional teams.

e. SCDem will provide oversight to the Snohomish County Auxiliary Communications Service (ACS) function, which provides emergency communications services to SCDem, its participating jurisdictions, as well as hospitals and the Snohomish County Regional Chapter of the American Red Cross.

f. Using volunteers (as groups or individuals) for activities outside of the scope of their intended purpose and/or training places them outside of the scope of RCW 38.52.180, WAC 118-04, and this Agreement. These volunteers cannot be afforded protection under the Washington State Emergency Workers Program; therefore the requesting jurisdiction is required to provide coverage in accordance with L&I Industrial Insurance regulations.

5. Outreach and Preparedness: SCDem will work in conjunction with participating jurisdictions to provide disaster-related preparedness and education in order to improve overall community resilience.

a. SCDem leadership will meet semi-annually with participating jurisdictions' leadership to discuss community-specific concerns and needs.

b. SCDem will convene meetings of its Advisory Board (see Schedule C) quarterly.

c. SCDem will provide preparedness presentations based upon the population or type of the jurisdiction as described below. Requests for presentations will be made at least 60 days prior to the date of the presentation.

- i. Jurisdictions with a population greater than 10,000 and Tribal Nations: Four presentations per year.
- ii. Jurisdictions with a population of 10,000 or less: Two presentations per year.

Schedule B

e. Under the provisions of applicable code, initiate through the jurisdiction's appropriate authority, a Proclamation of Emergency when the jurisdiction determines that a public disorder, disaster, energy emergency, or riot exists which affects the life, health, property or public peace. Notify SCDem as soon as practicable of the intent to proclaim a disaster and provide SCDem with a copy of the proclamation as soon as practicable.

f. Work in conjunction with SCDem during FEMA's post-disaster preliminary damage assessment (PDA) process. Track and report activities potentially reimbursable by federal and/or state disaster assistance programs.

2. Planning, Training, and Exercises: Participating jurisdictions, with SCDem assistance, will develop and maintain emergency management plans; train staff necessary to implement those plans; and exercise those staff and plans accordingly. In order to achieve this, participating jurisdictions should:

a. Provide a point of contact to SCDem.

b. Convene work groups and provide meeting space as necessary to facilitate the development of plans including the jurisdiction's comprehensive emergency management plan, hazard mitigation plan, functional emergency management plans, etc., as applicable.

c. When practicable, integrate volunteers into the jurisdiction's plans, training, and exercising.

d. If desiring to utilize volunteers for duties outside of the scope of their intended purpose and/or training, provide said additional training. Using these volunteers (as groups or individuals) for activities outside of the scope of their intended purpose and/or training places them outside of the scope of RCW 38.52.180 and WAC 118-04. These volunteers cannot be afforded protection under the Washington State Emergency Workers Program; therefore the requesting jurisdiction is required to provide coverage in accordance with L&I Industrial Insurance regulations.

5. Outreach and Preparedness: Work in conjunction with SCDEM to provide disaster-related preparedness and education in order to improve overall community resilience.

a. Meet semi-annually with SCDEM's leadership to discuss community-specific concerns and needs.
