

Section I: Plan Background

Introduction.....	1
Purpose and Relationship to GMA Planning Process	1
Relationship to Snohomish County Planning Policies	2
Population and Employment Growth	3
SEPA Compliance.....	3
Coordination with Snohomish County and Cities	4
Concurrency Management	4
Implementation	4
Description of Planning Area.....	4
Visioning and Public Participation.....	5
Role of the Planning Commission.....	5
Role of the Parks and Recreation Commission	5
Role of the City Council.....	5
Public Participation.....	5
Vision.....	5

Section II: Plan Elements

Natural Features Element

Purpose and Relationship to Growth Management Act	NF-1
Profile of Planning Area	NF-1
Natural Resources	NF-2
Wetlands	NF-2
Fish and Wildlife Habitat	NF-3
Flood Plain Delineation	NF-4
Aquifer Recharge Areas	NF-4
Geologically Hazardous Areas	NF-5
Air Quality and Climate Change	NF-6
Natural Features Goals, Policies, and Actions	NF-7
Goals and Policies	NF-7
Actions	NF-9
Appendix NF-1	NF-14

Land Use Element

Purpose and Relationship to GMA	LU-1
Urban Growth Area	LU-1
Major Land Use Considerations and Goals	LU-2
Inventory and Analysis	LU-2
Residential.....	LU-2
Commercial	LU-4
Industrial	LU-5
Public Use Lands	LU-6
Historic Structures	LU-7
Summary of Land Use Analysis/Inventory	LU-7
Population and Employment Summary.....	LU-8
Population Analysis	LU-8
Employment Analysis	LU-9
Summary of Urban Land Capacity Analysis	LU-10
Introduction	LU-10

Impact to Granite Falls Urban Growth Boundary	LU-11
Sub-area Analysis	LU-12
Paradise Lane	LU-12
Downtown Business District	LU-12
Old Town Residential	LU-13
West General Commercial Area	LU-14
Mountain Loop Entrance	LU-15
West Granite Falls	LU-16
Granite Falls Industrial Area	LU-17
Industrial Retail	LU-18
Description of Future Land Use Designations.....	LU-18
Future Land Use Map (Conceptual Growth Plan).....	LU-21
Land Use Goals & Policies.....	LU-21
Implementation Strategies.....	LU-29
Appendix LU-1.....	LU-34

Housing Element

Introduction	HO-1
Population Projections.....	HO-1
Housing Characteristics.....	HO-2
Inventory by Housing Type	HO-2
Average Household Size.....	HO-3
Household and Housing Unit Sizes	HO-4
Age of Housing	HO-5
Quality of Existing Housing	HO-7
Housing Affordability	HO-7
Introduction	HO-7
Owner Occupied Dwelling Units	HO-8
Market Rate Rental Units	HO-12
Subsidized Housing Units	HO-13
Affordable Housing: Definition and Its Application to Granite Falls	HO-14
Extremely Low, Very Low, Low, and Moderate Income Families in Granite Falls.....	HO-15
Special Housing Programs and Requirements.....	HO-15
Elderly Oriented Group Homes	HO-15
Specialized Congregate Living Facilities/Group Homes	HO-16
Accessory Dwelling Unit – Apartments	HO-17
Detached Accessory Dwelling Units	HO-18
Shared Housing Program for the Elderly	HO-18
Tenant-Homeowner Match Program	HO-18
Current Challenges and Opportunities.....	HO-18
Housing Goals and Policies.....	HO-19
Appendix H-1	HO-22

Capital Facilities and Utilities Element

Purpose and Relationship to GMA	CF-1
Organization of Capital Facilities and Utilities Element.....	CF-1
Inventories, LOS Standards and Needs Projections.....	CF-2
City Offices	CF-2
Community Center	CF-3
Public Works Facilities	CF-3

Fire and Emergency Medical Facilities	CF-3
Electric, Water, Natural Gas, and Telecommunications Utilities	CF-4
Law Enforcement Facilities	CF-5
Parks and Recreation Facilities	CF-6
Six-Year Capital Improvement Program.....	CF-7
Water Supply, Distribution and Storage Facilities	CF-7
Sewage Treatment and Collection Facilities	CF-8
Stormwater Management Facilities	CF-8
Revenue Sources.....	CF-9
Multi-Use Revenue Sources	CF-9
Single Use Revenue Sources	CF-11
Roads, Bridges, and Mass Transit	CF-12
Sanitary Sewer	CF-14
Solid Waste	CF-14
Utilities	CF-15
Water Supply	CF-15
Six-Year Capital Revenue and Expenditure Study.....	CF-15
Capital Facilities Goals and Policies.....	CF-16
Utility Goals and Policies.....	CF-18

Transportation Element

Introduction	TE-1
Classification and Levels of Service (LOS) for Existing Facilities	TE-2
Road Functional Classification	TE-2
Roadway Level of Service Standards	TE-4
Intersection Level of Service Standards	TE-6
Existing Traffic Circulation Conditions	TE-7
Non-Motorized Transportation Facilities (Pedestrian/Bicycle)	TE-9
Transit Service	TE-10
Transportation Demand Management	TE-11
Future Transportation Needs	TE-11
Summary of Six-Year Transportation Improvement Costs	TE-11
Transportation Goals and Policies	TE-14
General Goal and Policies	TE-14
Circulation Goal and Policies	TE-15
Transit Goal and Policies	TE-15
Parking Goal and Policies	TE-16
Pedestrian/Bicycle Systems Goal and Policies	TE-16
Concurrency Goal and Policies	TE-17
Air Quality and Climate Change Goal and Policies	TE-17
Actions	TE-17

Economic Development Element

Introduction	ED-1
City's Role in Economic Development.....	ED-1
Background.....	ED-2
Elements of Economic Development	ED-3
The Role of Community Design in Economic Development.....	ED-3
Existing Economic Conditions	ED-3
Population	ED-3

Employment	ED-5
Income	ED-7
Retail Sales Activity	ED-7
Development Conditions	ED-8
Development Potential Competitive Position	ED-9
Strengths	ED-9
Weaknesses	ED-9
Opportunities	ED-9
Threats	ED-9
Potential Industrial Use	ED-9
Supportable Industrial Land Price	ED-10
Potential Commercial Use	ED-10
Supportable Commercial Land Price	ED-10
Job Creation	ED-11
Development Opportunities.....	ED-11
Actions Required	ED-12
Economic Development Goals and Policies.....	ED-12

Essential Public Facilities Element

Relationship to GMA	EPF-1
Essential Public Facilities (EPF) Goals and Policies	EPF-1
Actions	EPF-4

Shoreline Element (*Shoreline Master Program incorporated by reference*)

Introduction	SMP-1
--------------------	-------

Parks, Recreation & Open Space Element

Introduction	PRO-1
Inventory	PRO-1
Levels of Service Standards	PRO-5
Needs Analysis.....	PRO-6
Goals and Policies.....	PRO-8
Actions	PRO-10

Appendix – Definitions
