General Policies

Fees and Deposits

Fees are intended to cover the normal, recurring administrative costs associated with said action, such as administrative staff time, advertising, mailings, file distribution, etc. and project review. Fees are non-refundable. Deposits are intended to cover reviews by city staff or consultants, which exceed normal costs, and any remaining deposit, at the conclusion of the review and/or permit process, will be refunded to the payee. The applicant is responsible for costs incurred for any portion of project/permit reviewed by a consultant hired by the City for such review. If reviews go above and beyond the fees and deposits specified, the City shall notify the applicant and provide an estimate of the amount necessary to complete the permit processing, and the applicant shall pay for any additional costs upon invoicing by the City. *No final land use action, short plat acceptance or final plat acceptance shall occur until all fees have been paid to the city.*

Payment Due

Fees and deposits are due at the time the action is requested (e.g., at the time of application) or occurs (e.g., prior to a specific action). An applicant may pay all fees and deposits or a multi-phased project in advance; however, doing so does not vest the amount of the applicable fees due. Fees due are those in effect at the time the specific action or phase of action is requested or occurs.

Late Payment Penalties

If payment is not received within 30 days of the due date specific on the invoice, the amount due shall accrue interest at the rate of 1.5 percent per month from the date the fee became due until the date payment is actually made.

Waivers

Upon petition by the applicant, the City Council may waive any of the fees or portions thereof, for any non-profit organization that provides services for the necessary support of the poor or inform.

Animal Licenses

Impoundment Fees

First offense	\$25.00
Second offense.....	\$50.00
Third offense	\$150.00

If the animal(s) are not licensed at the time of impound, the owner will be responsible for paying the proper licensing fee before the animal(s) is/are released.

Dogs, cats and other animals (at or transported to animal shelter) as set forth by the Everett Animal Shelter animal impound fee schedule.

Additionally, any costs incurred which exceed the base fee and which are associated with the collection, impoundment, maintenance, treatments, and destruction of the animal(s) and fees owing, and any cost of damage caused by the animal(s) shall be the liability of the owner. The City is not responsible for such costs incurred.

Electrical, Mechanical and Plumbing Permit Information

An electrical, mechanical and plumbing permit is required for most work.

- An electrical permit is required for any change in wiring system
- A mechanical permit is required to replace a furnace, add an air conditioning system, etc.
- A plumbing permit is required for any new plumbing work or replacing a water heater.

NOTE: If you have questions on whether a permit is needed, please contact city hall and ask (360) 691-6441.

Why Do I Need These Permits?

Washington State Code and the City of Granite Falls regulates construction to ensure it is safe and code compliant. City consultants provide inspections for permitted work and verify compliance with the appropriate code.

In addition, permits and inspectors help to safeguard persons and property from hazards that arise from improper installation. Examples of the benefits of pulling a permit include:

Mechanical Permit

- Improper venting of an applicant may cause exhaust gases from a fuel burning appliance to enter occupied areas. Your inspector can help to prevent this.

Plumbing Permit

- Inspections ensure that drainage fittings, water piping, gas piping, and water heaters are all installed properly.
- For a water heater, earthquake straps are inspected because they prevent structural damage and the gas pipe from rupturing during an earthquake.

Electrical Permit

The City of Granite Falls does not permit or inspect for electrical permits. You can apply online at the following link: <https://lni.wa.gov/licensing-permits/electrical/electrical-permits-fees-and-inspections/purchase-permits-request-inspections>

Miscellaneous Building Permit Information

- Building size limitations which require a building permit = 200 SF or higher
- Snow Load = 25 pounds per square foot
- Wind = 110 mph
- Exposure B
- 3 second gust
- Frost depth = 18"
- Seismic Zone = D-1
- Elevation = 391 ft. (survey monument next to old city hall)

Miscellaneous Building Permit Fees

Table B2 and the Mechanical and Plumbing list specify those fees charged for permits to be issued pursuant to Washington State Building Code, which are not included in the provisions of Subsections A and B.

Expiration of Building Permits

Every permit issued shall expire 24 months from the date of issuance. The Building Official is authorized to grant, in writing, one extension of time for a period of not more than 12 months for an additional fee of one half of the permit fee for a total of 36 months. The extension shall be requested in writing and justifiable cause demonstrated.
