6. NEW BUSINESS

A. Public Hearing 7:05 PM, or soon thereafter

For consideration of the City of Granite Falls amendments to the SEPA Exemptions pursuant to WAC 197-11-800(3), the City is proposing to adopt flexible categorical exception thresholds for minor new construction at the following levels: 30 single-family residential units; 60 multifamily residential units; 40,000 sf for agricultural buildings; 30,000 sf for office/school/commercial buildings and 90 parking spaces; and 1,000 cubic yards of grading

Commissioner Stephenson moved to open the Public Hearing. Commissioner Hoersting seconded. Motion carried.

City Clerk Reese entered the following exhibits into the record:

Exhibit 1 – Planning Commission Staff Report, dated October 12, 2021, by Ryan C. Larsen, Planning Consultant, 19 pages

Exhibit 2 – Public Hearing Notice, dated September 30, 2021, 1 page

Exhibit 3 – Verification of Public Hearing Notice Posting, dated September 30, 2021, 1 page

Exhibit 4 – Affidavit of Publication by the Everett Daily Herald, dated September 30, 2021, 2 pages

Consultant Planner Larsen reviewed the list of proposed changes in detail of the Flexible Thresholds for Categorical Exemptions section of 19.07.010 Environmental review (SEPA) section of the code.

(3) Flexible Thresholds for Categorical Exemptions. The City establishes the following exempt levels for minor new construction under WAC 197-11-800 (1) based on local conditions:

~~(a) For residential dwelling units in WAC 197-11-800(1)(b)(i): Up to four detached single family dwelling units, cumulative. The construction or location of any single-family residential structures of 30 dwelling units or fewer.~~

~~(b) For multifamily residential unit in WAC 197-11-800(b)(ii): Up to four multifamily residential units The construction or location of any multifamily residential structures of less than or equal to 60 dwelling units.~~

~~(c) For agricultural structures in WAC 197-11-800(1)(b)(iii): Up to 10,000 square feet, cumulative. The construction of a barn, loafing shed, farm equipment, storage building, produce storage or parking structure, or similar agricultural structure, covering 40,000 square feet or less, and to be used only by the property owner or his or her agent in the conduct of farming the property. This exemption shall not apply to feed lots.~~

~~(d) For office, school, commercial, recreational, service or storage buildings in WAC 197-11-800(1)(b)(iv): Up to 4,000 square feet and up to 20 parking spaces, cumulative. This exemption includes stand-alone parking lots. Use Fee and Deposits; and wrote a new Chapter 21.10 -Deferred Collection of Impact Fees for Residential Construction.

Commissioner Morrison moved to open the Public Hearing for consideration of the amendments to the Development Regulations. Commissioner Hoersting seconded. Motion carried.

City Clerk Reese entered the following exhibits into the record:

Exhibit 1 – Planning Commission Staff Report, dated October 12, 2021, by Ryan C. Larsen, Planning Consultant, 184 pages

Exhibit 2 –Public Hearing Notice, dated September 30, 2021, 1 page

Exhibit 3 – Verification of Public Hearing Notice Posting, dated September 30, 2021, 1 page

Exhibit 4 – Affidavit of Publication by the Everett Daily Herald, dated September 30, 2021, 2 pages

Consultant Planner Larsen gave a brief overview of all of the proposed/suggested changes including:

ZCA2021-001 *Land Use Updates* – Proposed Zoning Code Amendments to Title 19, Title 20 and Title 21 (Attachment B).

- ✚ Chapter 19.02 – Definitions were updated to include definitions from Title 20, definitions addressing mobile food truck, changed short plats from 4 lots to 9 lots and plats for 10 or more lots, and added definitions addressing unit lot subdivisions.
- ✚ Chapter 19.04 – Deleted chapter 19.04 and incorporated into either new Chapter 19.04C or created a new chapter for an individual item.
- ✚ Chapter 19.04A – Edits to table in 19.04. Added a few permit types to the table. Biggest change was to move Final Plats as an administrative permit (Type II) rather than a Type IV permit which are reviewed by City Council.
- ✚ Chapter 19.04B – Edits to the modification section to reference the newly created Administrative Modifications section in Chapter 19.04C.
- ✚ Chapter 19.04C – Newly created chapter to deal with land use permit action. Some chapters from the old 19.04 and 19.05 were moved to this section. In addition, added sections to address administrative conditional uses, administrative modifications, code interpretations, and site plan review which previously did not exist.
- ✚ Chapter 19.04D – This chapter is the old Title 20.06.
- ✚ Chapter 19.05 – Deleted old 19.05 and moved sections to new 19.04C and the PRD section to Newly updated 19.05.

- ✚ Chapter 19.05 – Chapter has been converted to address moving Chapter 20.08 into Title 19. Rewrote the subdivision chapter to make it more simplified and added a new section to address Unit Lot Subdivision allowance by State law.
- ✚ Chapter 19.06 – Proposing to add Food Vendor section. Main question is how long if allowed can a food vendor operate.
- ✚ Chapter 19.06 – Deleted home occupation from this chapter and move to new Chapter 19.04C.
- ✚ Chapter 19.12 – Created own chapter for Concurrency which was moved from deleted Chapter 19.04.
- ✚ Chapter 19.13 – Created own chapter for Community Facilities District which was moved from deleted Chapter 19.04.
- ✚ Chapter 19.15 – Created own chapter for Land Use Fees which was moved from deleted Chapter 20.10 – since Title 20 has been deleted.
- ✚ Chapters 19.20, 19.21, 19.22, and 19.23 – Four new chapters to address Wireless communication facilities. Granite Falls did not have rules in place previously to address these facilities.
- ✚ Title 20 – Chapter 20.02, Chapter 20.04, Chapter 20.06, Chapter 20.08 and Chapter 20.10, have been deleted and moved into Title 19 within various chapters as discussed above.
- ✚ Chapter 21.10 – Created new chapter to address deferred impact fees as required by State law (RCW 82.02.050). Cities in the state are required to have rules in place that allow for impact fees to be deferred.

Planning Commission / Consultant Planner Larsen Comments & Changes:

- In Chapter 19.20 – the Purpose paragraph is mis-numbered on page 115. It should be 19.20.015 and not 19.20.005.
- In the “Purpose” section on page 115 – spell out Wireless Communication Facilities (WCF) instead of just having the abbreviation of WCF. Will also make this same change in the other chapters.
- Chapter 19.06 170 – Council Discussion:
 (J) Business activity.
 - (1) All business activity related to mobile food trucks shall be limited to Thursday through Sunday, except for mobile food trucks serving as the business establishment’s sole source of cooking, preparing, and distributing food or beverage.

(2) Hours of operation shall be limited to the hours between 9:00 a.m. and 9:00 p.m. unless additional hours are approved by the City.

- Add to this section: include an exemption for if a holiday falls on a Monday

Commissioner Morrison moved to open the public comment portion. Commissioner Hoersting seconded. Motion carried.

No one was present to speak and nothing was received prior to the meeting.

Commissioner Morrison moved to recommend City Council adopt the 2021 Development Regulation proposed amendments described in Attachments B – Proposed Zoning Code Amendments to Title 19, Title 20 and Title 21 as prepared by Staff and City Consultant. Commissioner Stephenson seconded. Motion carried.

**2024 Comprehensive Plan Update - Population
and Employment Projections**

To: Planning Commission
From: Ryan C. Larsen, Consultant
Subject: 2024 Comprehensive Plan Update – Population and Employment Projections
For Meeting of: November 9, 2021

POLICY: The Growth Management Act (GMA) at RCW 36.70A.130 requires that Snohomish County and the cities review their urban growth area (UGA) by June 30, 2024 (and every eight years after that) and ensure that it can “accommodate the urban growth projected to occur in the county for the succeeding twenty-year period.” Twenty-year growth management population projections for the county are provided by the state’s Office of Financial Management (OFM) for this purpose [RCW 36.70A.110]. In making this urban capacity determination, a review of the urban areas and densities permitted in the comprehensive plans of the county and each city located within the UGA is required.

BACKGROUND: The Countywide Planning Policies (CPPs) for Snohomish County provide direction for allocating the 20-year OFM projections to subareas of the county. CPP GF-5 calls for use of the collaborative, interjurisdictional process of Snohomish County Tomorrow (SCT) to develop a city, unincorporated UGA/MUGA, and rural/resource area allocation of projected population, housing, and employment growth targets for local GMA plan update purposes. The subcounty allocation uses the most recent OFM population projection for Snohomish County and the PSRC’s Regional Growth Strategy (RGS) as the starting point for this process.

GF-5 also states that the allocation shall seek consistency with the RGS and emphasize growth in and near centers and high-capacity transit, address the jobs/housing balance, manage and reduce the rate of rural growth over time, and support infill within the UGA. The process shall also consider local input on community vision, market conditions, and level of infrastructure investments. It states that “the process shall ensure flexibility for jurisdictions in implementing the RGS.”

CPP GF-5 states that the results of the SCT growth allocation process will be depicted as a set of “growth targets,” and will be placed in Appendix B of the CPPs. The growth targets indicate the amount of growth each jurisdiction is expected to plan for in its comprehensive plan. Two separate steps for establishing the 20-year targets are identified:

- Initial Growth Targets – to be used for at least one of the plan alternatives evaluated by jurisdictions for their upcoming GMA plan update. For this plan update cycle, the initial targets are being developed by SCT in 2021.
- Reconciled Growth Targets – developed by SCT following the 2024 GMA plan updates by jurisdictions in Snohomish County. They are intended to resolve any discrepancies between county and city growth target choices reflected in updated local plans. For this plan update cycle, the reconciled targets will be developed by SCT during 2024-2025.

As mentioned above, CPP GF-5 requires SCT’s growth allocation process to include the PSRC’s Regional Growth Strategy (RGS). The PSRC’s Vision 2050 regional plan, adopted in October 2020, contains a Regional Growth Strategy which establishes numeric guidance for long-term population and employment

growth (2017-2050) for the 4-county central Puget Sound region, including individual counties and different categories of jurisdictions (“regional geographies”) within the region.

The region is expected to grow by 1.8 million people by 2050, reaching a total population of 5.8 million. An anticipated 1.2 million more jobs are forecast by 2050.

The Planning Advisory Committee (PAC) has been working collaboratively with Snohomish County to come up with the Population Growth Targets and Initial Employment Growth Targets over the last six to seven months. The below draft Population Growth Targets and Initial Employment Growth Targets were recommended by the PAC for approval to STC to review at their next meeting.
