Property Owner(s): _____ **Property Owner Phone #:** _____

Landscaping Contractor Name: _____ **Applicant Phone #:** _____

Onsite Contact: _____ **Onsite Phone #:** _____

Project Email Address: *(Inspection results will be sent to this email)* _____

I hereby certify that I have read and examined this permit and that the information provided by me is true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction. Applicant must comply with all laws and ordinances governing the type of work, whether specified herein or not. The granting of a permit does not authorize the violation of any law nor will a permit cancel the effect of the provisions of any other law regulating construction or the performance of construction. Any permit or license issued for signs which are in conflict with Salt Lake City ordinances shall be null and void, whether or not the license or permit was issued by employees of the city authorized to issue such permit or license. It is the responsibility of the applicant to verify all dimensions and to verify all information contained in this application.

Applicant Signature: _____ **Date:** _____

Tree Removal/Grading Requirements

Landscaping projects, associated or unassociated with a building permit, which include grade alterations and/or tree removals, at any level, may require review and approval prior to commencing. In order to prevent enforcement and possible associated fines please contact this office prior to commencing with your project.

TREE REMOVAL(S):

The purpose of this permit requirement is to protect critical tree canopy resources in Holladay. These resources are important to community identity, the enhancement of air and water quality, and, the promotion of property values. Holladay Ord. 13.77.080 and .090

Tree removal regulations shall apply to: (shall not apply to high risk trees on private property further than 25' of a waterway).

- **Protected Trees (13.04.040):** Tree 2" caliper or larger located, in a city park, within 12' of a street, within 25' of a waterway or is designated as a "Heritage Tree"
- **Reduction of Tree canopy** as a result of demolition, construction/reconstruction, grade alterations and impervious surface emplacement activities
- **Clear cutting**

The following items must be submitted prior to issuance of a Tree Removal permit:

- A statement of impact supported with aerial imagery, or
- Tree Canopy Sustainability Plan see 13.77.080D
- Proposed tree canopy replacement plan, including off-site proposals (50% onsite / 50% offsite)
- Permit fee Payment in the amount of \$57.57

An approval of a tree removal shall be based upon one or more of the following findings;

- The tree originates within the net buildable area of a given site;
- Tree is located where it interferes with a proposed right-of-way, easement or ingress/egress that cannot be reconfigured;
- Tree is located where it interferes with the installation, delivery, or maintenance of proposed or existing utility services to the site;
- Tree's creates safety or nuisance hazard to existing or proposed structures, vehicles, pedestrian routes with no reasonable alternative to reconfigure the improvements;
- The trees are determined by the Community Development Director, designee, or by a certified arborist or other licensed tree care professional to be high risk as defined in section 13.04.040 of this title; or
- The tree unreasonably prevents development of a lot or parcel or the physical use and enjoyment thereof.

GRADE ALTERATION(S):

The purpose of this permit requirement is to prevent incompatibility between the grades of neighboring properties; and to encourage preservation of the natural grade and topography, and to encourage adaptation of new development to existing grades. Holladay Ord. 13.76.700
