FROM the DIRECTOR...

Have you ever dreamed of a place where people work together to make the community and the world a better place without regard to personal politics or religion? A place where you can meet people of all ages whose only thing in common

at times is a desire to give back, help out and have fun? Have you ever driven by a set of signs when you enter a town or city with a bunch of logos, a large “G,” “K” or “L,” a gold and blue gear, or an octagonal-shaped “O” and wondered what they were all about? Perhaps you have even heard a family member or friend talk about being a Rotarian, Optimist, Lion, Kiwanian, or Good-fellow but didn’t really know what they meant.

Well over 100 years ago people started gathering in communities to come together to solve community problems. They formed service clubs, small and large and began providing service to the community and to the world. Sometimes it was small, but life changing, such as providing eyeglasses to someone with a visual disability but without the means to purchase them. Sometimes it was on a mind-boggling scale and lifesaving such as eliminating a disease from the entire globe. Large and small, our community is fortunate to have many of these service clubs meeting and doing good work locally and around the world.

In my case, I was invited to join the Rotary Club of Mount Clemens back in 2005 by Library Board Trustee Emeritus Donald W. Green. Don’s membership in the Club stretches back so far that he even knew some of the founding members of the club, which began in 1920. With a motto of “service above self,” I quickly felt at home with the goals and values of the organization.

This summer I have the privilege of serving for a year as the Club’s 99th president. As Rotarians we are encouraged to follow the principles of the four-way test in all of the things we think, say or do (I even have a plaque that I look right at each day behind my laptop at my desk as a ready reminder):

First: Is it the TRUTH?

Second: Is it FAIR to all concerned?

Third: Will it build GOOD WILL and BETTER FRIENDSHIPS?

Fourth: Will it be BENEFICIAL to all concerned?

This philosophy permeates my thinking about how the library can work to provide the best possible service to our customers and in crafting the policies I recommend to the Library Board. Evidence of the charitable giving of our community’s service clubs is also easy to see at the Main Library. Rotarians donated the large mural in the lobby, the Pewabic tile fountain on the second floor, the globe at the top of the staircase, the fireplace, and the lectern in the auditorium. The Clinton Township Kiwanis Club donated our well-loved puppet theater and the Clinton Township Area Optimist Club donated the ever-popular fire truck and school bus interactives in the children’s room.

I hope this quick tribute to our local service clubs piques your interest. A quick Google search or call to one of our librarians can help put you in touch with these clubs to find out what they are all about and how you can get involved. I truly believe that it is possible to make a difference in the world and that being a member of a local service club has made a very positive difference in my life!
