

COMMUNITY DEVELOPMENT DEPARTMENT

MEMO

June 4, 2025

To: Peter Brixius and Craig City Council
From: Marlin Eckhoff, Building Official *ME.*
Subject: Maintenance Supervisor's truck topper bid award

The Community Development Department recently solicited bids for a truck topper to fit the new truck that we received for the maintenance supervisor. We opened bids on May 28, 2025.

We received two qualifying bids in response to the RFP, which are listed below:

1. Fleetwest Slip on Truck Bodies: Total with Shipping is \$23,172.35
2. Technology International: Total with shipping and installation is \$53,669

The budget for this was included with the 2025 3500 Ram pickup. The budget for the truck and the topper was \$80,000. The truck came in at **\$49,395.00**, so if we award the bid to Fleetwest, the total for both the truck and topper will come in under budget at **\$72,567.35**.

Note: The installation will be done by city staff, so there should be no additional cost for installation.

I would recommend awarding the bid for the Diablo 8 truck bed topper to Fleetwest Slip on Truck Bodies in the amount of **\$23,172.35**.

I have included the bid sheet from each supplier for your review.

Please let me know if you have any questions or concerns at 970-826-2013 or 970-326-3645 or meckhoff@ci.craig.co.us.

DIABLO

The SpaceKap Diablo offers the largest interior volume available in the industry while being exceedingly aerodynamic. With an interior height of 6'3" all your employees will be able to stand up straight in this utility service body. Natural lighting from our skylights located at the front and standard energy-efficient LED lighting, 40/60 rear doors make the Diablo a benchmark in the industry.
