SUBJECT: Reappropriation of Funds

We are requesting the reappropriation of \$20,450 in funds currently collected through the plastic bag fee. As stipulated, these funds can only be used for recycling-related expenses. We are proposing to allocate these funds to the Solid Waste Department for the purchase of a new used oil recycling tank.

Although the used oil tank is already approved in the 2025 budget, the \$20,450 from the plastic bag fee will help offset costs, reducing the financial burden on the Solid Waste Department. We believe this reallocation of funds is a practical and efficient use of the plastic bag fee revenue.
