Re: Award Recommendation for Replacement Pickup (4-02)

Replacement of a 2012 pickup (unit 4-02) used by Water Distribution was proposed and accepted into the 2025 budget. In 2025 the truck exceeds our 12-year replacement cycle. The total budget was \$65,000.00 with the City of Craig portion being \$50,000.00 and the trade in being estimated at \$15,000.00. Bid specifications were prepared, the bid was advertised, and bids were opened on July 1st, 2025. The bid included a 1-ton 4X4 pickup with flat bed and tool boxes.

We received two bid packets. One from Victory Motors of Craig, one from Sil-TerHar Motors (Broomfield). The bid tab is as follows:

Water 1-Ton Single Cab & Chassis 4x4 & 8ft Flatbed (4-02)- Bid Tab

Features	Victory Motors of Craig	Sill-TerHar Motors
Year	2026	2026
Make	Dodge	Ford
Model	Ram 3500	F350
Engine	Gas	Gas
Vehicle Base Price - Cab & Chassis	\$51,900.00	\$47,000.00
Extended Warranty - B2B	\$4,495.00	\$2,150.00
Trade-in Value - from City	\$16,500.00	\$7,000.00
Flatbed - Installed	\$26,400.00	\$24,000.00
Total Price	\$64,495.00	\$66,150.00

We recommend awarding the bid to the low bidder, Victory Motors of Craig, in the amount of \$64,495.00 which is below the budgeted amount and includes the extended warranty.

Suggested Technical Specifications

One Ton Single Cab and Chassis 4x4 with Single Rear Wheels and 8ft Flat Bed

This specification describes the requirements for a 1-ton, 4-wheel drive cab and chassis with single rear wheels. The unit must be safe and efficient to operate and built strong and durable enough for heavy-duty operation over extended periods of time in a municipal setting. All standard equipment as shown in the manufacturer's printed literature must be included in the bid, plus any modifications to meet OSHA federal and state regulations in all respects. The unit must be new and of the manufacturer's current model year in production at the time of delivery, and not a model to be phased out of production. It is stressed that what follows are minimum specifications and while they mention only the salient descriptive points of the cab and chassis, they do not exclude any major or minor items not specifically mentioned, but which would normally and reasonably be necessary for proper, safe, efficient, and beneficial use and ownership.

Bidding instructions:

- A. Each technical item of these specifications shall be individually annotated by the bidder in the first column provided on the sheet with one of the following statements:
 - 1. meets
 - 2. exceeds
 - 3. does not meet
 - 4. not applicable
- B. If any item is marked "Exceeds", "Does not Meet", "Not Applicable" details must be given in the second column provided, along with each entry describing what exactly is being bid.
- C. The individual cost of each item of the specifications must also be annotated if its cost has not been included in the basic bid price.
- D. Complete printed literature, publications, and photograph of the unit proposed must be included with each bid.
