**Re:** Digitization of Northwest Colorado Daily Press Newspaper

---

The Museum would like to request a sole source bid for the Colorado Library Consortium, a budgeted 2025 capital project to digitize the Daily Press from 1-1-1960 to 10-22-1982. Representing approximately 60 bound volumes. The bid is \$489.31 more than budgeted, due to realigning the issues to be digitized. This amount is just over the 1% contingency cost on the estimate.

The Museum was also awarded a grant of \$3,000.00 (their maximum grant) with us matching the grant with \$750.00 from our operational budget for a total of \$3,750.00 to digitize four smaller newspaper titles. These include the *Maybell Gazette* 1912, *Moffat County Mirror* 1942-43, *Northwest Monitor* 1981, and the *New West* 2001-02 as well as a special edition of the *Craig Courier* 5-29-1897. The remaining funds from the grant will be applied to the Daily Press project.
