September 6, 2018

To the Craig City Council;

The Craig Chamber of Commerce would like to continue our partnership with the City of Craig in 2019. To that end, we are respectfully asking for \$7,000 from the City to support the mission and services of the Craig Chamber of Commerce and the Moffat County Visitor Center.

Partnering with the Craig Chamber as a government investor is a great way to increase awareness of government's role in creating economic stability. The Chamber provides access to the business community, services that benefit the county and its departments and is a resource for economic and community development strategies and implementation. **An active and sustainable chamber of commerce is in the best interests of the city of Craig.** The Craig Chamber of Commerce has served the City of Craig for over 70 years.

In 2017, the Chamber was successful in bringing \$80,000 in grants into Craig and Moffat County and \$50,000 in technical assistance. The results are the Business Opportunity Toolkit and a brand for Moffat County, and other organizations that choose to use it that was developed in 2018. In 2019, the Chamber will work with partners to begin the long-term work of applying both of these into the implementation plan for our community for the purpose of business expansion, business recruitment and community pride.

The following are some of the programs that the Chamber/MC Visitor Center provides are:

- Operation of the Moffat County Visitor Center and sportsman information center
- Only local source for resident & non-resident OHV, boat, snowmobile & wood-cutting permits and state park passes
- Information services for residents and visitors
- Shop local programs – including our Home Grown program and Spree Dollars sales at \$145,230 in 2017, which had the direct potential of \$3267.68 in City sale tax and at the new rate \$5809.20 would be the sale tax. The Spree Dollar program continues to grow and we should have even better numbers for 2019

- Maintain and display the Marcia Car, for the benefit of visitors and all of Moffat County
- Continuing to expand Charter Channel 191 to promote local events and to include more videos of Moffat County attractions, meetings and issues.
- To enhance the online, interactive map of Moffat County that allows users to see trails, hunting units and visitor attractions and provides information on ALL Moffat County businesses for those searching for a specific service
- Our area's most extensive website detailing area recreation, business, visitor and relocation opportunities
- Participate and help promote Craft 101- Colorado Rural Academy for Tourism Studio 101

The Moffat County Visitor Center is a critical tool in expanding our tourism and outdoor recreation markets, which both community study reports and the Business Opportunity Tool Kit have identified as a top economic diversification priority.

The Moffat County Visitor Center's role in tourism development is multi-pronged. Our website, print-based marketing products and personal service encourages people to visit Craig. Our friendly, knowledgeable staff continues that positive impression when these visitors come to town.

In 2017, we served more than 24,874 people directly by phone, mailings and in person. We served an additional 202,905 through the website and 845 events packets prepared. Our services are free to all with no regard to the nature of the request or whether they are a visitor or a resident. The Moffat County Visitor Center is able to provide these services because of the financial support of partners and a variety of fundraisers.

We also:

- Maintain, insure, display and provide tours of the Marcia Car.
- Market Craig and Moffat County through our website, direct mail, the Craig Community Guide, postings to outside websites and personal contacts.
- We are the only local source for resident and non-resident OHV, boat, snowmobile and wood-cutting permits, as well as state park passes.
- Maintain Charter Channel 191 to promote local events. Our strategic plan includes expanding content to include video of Craig meetings, issues and attractions.

The Craig Chamber/MC Visitor Center is planning work on the following items:

Build and maintain a new version of the Chamber's and Moffat County Visitor Center's website, which is mobile friendly, engaging and still the most extensive website for detailing area recreation, business, visitor and relocation opportunities.

We will have a 90% member retention rate, indicating exceptional satisfaction with the services and benefits provided by the Chamber.

The Chamber with its partners will begin implementation of the Business Opportunity Toolkit. We will actively pursue the identified target opportunities for business and tourism development.

We will continue providing business education programs with our partners.

We plan to refine, enhance and expand our Home Grown shop local program.

There will be an increased awareness of local issues and events via the Chamber's calendar, eblast system, Channel 191 and community guide.

We will continue to support local business and industry by being involved in legislation, land use issues and the permitting process.

The Chamber/Visitor Center will target serving more than 26,000 residents and visitors in 2019.

Our work with recreationalists, including hunters, reduces the demand on other services, particularly the Moffat County Sheriff's Department and Division of Parks and Wildlife and the Bureau of Land Management. In 2017, we issued 724 OHV, snowmobile and boat registrations. Serving as a one-stop center allows us to keep residents and travelers in Craig and Moffat County.

We will refine and enhance our display at the Yampa Valley Regional Airport. Showcasing what Craig has to offer.

Our visitor center's economic impact is a direct benefit to the city and county. The Journal of Travel Research estimates that information centers generate approximately \$35 in new tourism expenditures for every dollar of their operating budget, making our impact measurable.

Continue to work with MCTA & CMEDP to promote Craft 101, we can help develop a tourism visioning plan and serve our businesses by providing learning labs on multiply topic for tourism related businesses.

The Chamber will continue to work with its partners to reduce duplication of efforts and enhance our services to Craig and Moffat County residents, businesses and visitors.

Thank you for your consideration of this request. Please do not hesitate to contact me, or any of our Board Members with any questions.

Sincerely,

Rebekah Greenwood

John Ponikvar, Mayor  
Peter Brixius, City Manager  
City of Craig  
595 Colorado Street  
Craig, Co 81625

Dear Chris, John, & Peter:

Thank you for your continued support of the Associated Governments of Northwest Colorado (AGNC). Your membership allows AGNC to be a strong advocate for the counties and communities of Northwest Colorado and we ask that you continue your membership for 2019; AGNC will not increase dues for next year.

AGNC continues to advocate for policies and regulations that benefit our region. During the 2018 state legislative session, we worked with our legislators to ensure that rural needs were addressed in proposed transportation legislation and worked to reduce regulations that would have increased rural health care costs. AGNC was instrumental in obtaining funds from the federal government related to the Anvil Points cleanup project and worked with our legislators to be sure those funds were sent directly to the impacted counties. We continue to work with our governmental relations team, to impact legislation that would levy more unfunded mandates on our local governments and reduced local control.

AGNC has been working throughout 2018 to develop a Comprehensive Economic Development Strategy (CEDS) to obtain the Economic Development District (EDD) designation through the Economic Development Administration (EDA). This designation will help AGNC to work with regional economic development organizations to advance efforts to diversify economies in the region, develop workforce and address issues of concern. The CEDS will be submitted to EDA in a matter of days and we are excited to hear the outcome of their review.

AGNC is in the final stages of completion for the habitat mapping project related to the greater sage grouse to provide more consistent and accurate information for conservation while allowing for economic development and recreation in the region. The organization has been very active in the discussions with Dept. of Interior (DOI) regarding the greater sage grouse plan modifications as well as its proposed relocation of BLM headquarters. AGNC has been a strong advocate of bringing the BLM headquarters to our region in Mesa County. AGNC continues marketing of the NW Enterprise Zone to encourage business investments, economic development strategies through non-profits as contribution projects and to champion and administer the mini-grant program, for the benefit of our members, in cooperation with DOLA.

As mentioned before, AGNC will not increase dues for 2019; your dues will remain at \$3,700.00 for the next year. We appreciate your support and request that you include your membership in your 2019 budget. Please contact Bonnie Petersen at 970-640-8181 should you have any questions. We look forward to your continued membership and input, which are critical to the success of AGNC, as we continue to advocate for the benefit of communities in the NW region of Colorado.

Sincerely,

Re: City of Craig Contribution Request from Yampa Valley Regional Airport

Bruce,

As part of your 2019 budget preparation I formally request a \$15,000 contribution from the City of Craig for terminal expansion at the Yampa Valley Regional Airport (YVRA).

In 2017 YVRA experienced a 10% decrease in enplanements, mainly due to the discontinuation of the summer Dallas flight; this decrease followed a 15% increase in enplanements in 2016. The projection for 2018 is a 2.5% increase in enplanements; 2019 enplanements are dependent on the upcoming air service tax initiative, and pending airline agreements and programming. This 2018-2019 ski season JetBlue joins our team with direct flight service to Ft. Lauderdale, Boston and Long Beach; JetBlue's flights increase the number of direct flight cities from 14 to 15 which is more than any of our mountain resort competitors.

YVRA provides the first and last impression of the Yampa Valley for our passengers travelling for leisure and for business; to accommodate and retain new airlines like JetBlue and attract additional airline partners in the future YVRA invests in infrastructure improvements like this year's apron expansion and next year's planned terminal expansion. Terminal expansion will support increased passenger numbers and bolster the local economy, but YVRA's limited cash reserves won't allow us to make all the needed changes without contributions from the local community. State and federal funding constructs can leverage a \$15,000 contribution to produce \$300,000 of construction funding.

The City's contribution is a sound economic investment and will provide great dividends to the Craig community and the entire Yampa Valley. I appreciate your consideration of this request. Please contact me if you have any questions, or if any additional applications or information is needed.

Best regards,

Kevin A. Booth  
Airport Director, Yampa Valley Regional Airport

Enclosure- Economic Impact of YVRA

## Economic Impact of YVRA

YVRA is the only commercial service airport serving Northwest Colorado and provides access to year-round activities throughout the Yampa Valley. YVRA currently has service from Alaska, American, Delta, JetBlue and United with flights to/from Atlanta, Boston, Chicago, Dallas/Fort Worth, Denver, Ft. Lauderdale, Houston, Long Beach, Los Angeles, Minneapolis, Newark, San Francisco, San Diego, Seattle, and Washington D.C. With its non-stop flights connecting Hayden and the Valley to many parts of the world, Yampa Valley Regional Airport continues to be the transportation heartbeat of the Valley and the gateway of choice to Northwest Colorado.

- YVRA employed 443 people during the winter 2017/2018 season.
- 18% percent of the people employed by YVRA and its tenant organizations live in Craig, a total of 80 people in 2017.
- More than \$14M in annual local and state taxes are linked to the operation of YVRA
- 196,498 passengers used the airport in 2017 and 201,401 are estimated for 2018
- More than 70% of the destination skiers and winter vacation travelers arrive to the Valley every year through YVRA
- According to the 2013 CDOT Economic Impact Study (study is updated every 5 years):
  - Annual direct economic impact of YVRA is \$62.3 M
  - General aviation visitor impact is \$25.6M
  - Commercial service impact is \$211.4M
  - \$14.1M in annual local and state taxes are linked to YVRA operations
- YVRA's total economic contribution to the community is estimated at \$299.3M with 3,034 jobs and an annual payroll or \$104.9M

Mr. Peter Brixius  
City of Craig Manager  
300 West 4<sup>th</sup> Street  
Craig, CO 81625

Dear Mr. Brixius,

Please find following the Moffat County Human Resource Council request for 2019 funding. My name is Annette M. Norton and I am a newly appointed Executive Director for Moffat County United Way.

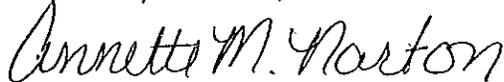

The City has historically funded the Human Resource Council (HRC) acknowledging the excellent work non-profit agencies in Craig do. Last year the City of Craig provided funding in the amount of \$28,800.00. In 2017 the City of Craig was able to provide funding in the amount of \$40,000.00.

HRC recognizes the economic challenges of today. As our community government struggles so do the resident of Craig. HRC also recognizes the difficult choices our government officials must make regarding budgetary requests. HRC provides critical services to our community. From cradle to advanced age, HRC agencies are there to advocate, protect, serve and advance the well-being of the resident of Craig.

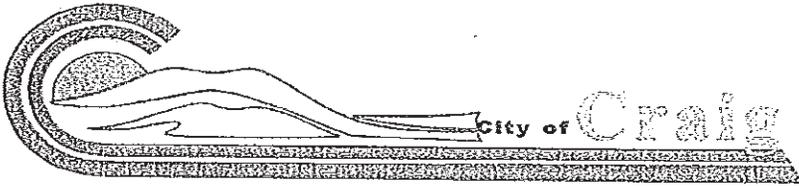

Concurrent with the concerns of economic needs are concerns for the necessary support of social services. The dollars the City of Craig provides to HRC are exponentially impacted throughout the community. The customers of the city and HRC need the services that are provided through HRC. HRC is a source of strength to our residents thanks to the historic support of the City of Craig.

HRC is very grateful to the City Council for the funding assistance they provide. If I may be of further assistance, please contact me.

Respectfully submitted,

Annette M. Norton  
Executive Director

**2019**  
**REPAIR AND MAINTENANCE OF STREETS & DRAINAGE**

**PATCHING \$52,348.00**

Patching is done on streets that are scheduled to be chip sealed, have an overlay, and on any other failures or potholes around town.

**CRACK SEALING \$10,000.00**

Crack sealing to be done in 2019 will include all the streets that will be chip sealed. Crack filling is done to keep moisture from getting under the asphalt. The moisture and frost are what cause most of the asphalt damage we see in Craig. This is the single most important process that we do to extend the life of the pavement.

**CHIP SEAL \$192,652**

Chip sealing is a process where we put a hot emulsion on the streets, then cover it with 3/8-inch pea gravel. This seals the street and also gives it a 3/8-inch wearing surface at 1/10th the cost of an overlay. Chip seals extend the pavement life by about 4 to 6 years depending on the conditions of the pavement when sealed. Attached is a list of streets planned for 2015.

**GRAVEL STREETS & ALLEYS \$10,000.00**

The gravel streets and alleys in town also need to be maintained. At least once a year and after major rainstorms, we replace gravel where needed. They are also graded often over the summer to keep them passable.

Magnesium Chloride \$0.00

Magnesium chloride can be sprayed on the streets to prevent dust and lower maintenance costs. The streets would have a harder surface and not need to be graded as often.

**DRAINAGE MAINTENANCE \$60,000**

Small projects that need to be done, only one is done per year. The drainage systems include:

CAPITAL ITEM Registration Software	NEW	REPLACEMENT XX
---------------------------------------	-----	-------------------

**DESCRIPTION OF NEED**  
 We are currently using EGOV as our registration software. It is very old and outdated. The new software is state of the art that almost all recreation departments across the state are utilizing.

**WHICH GOAL IS ADDRESSED WITH THIS ACQUISITION? HOW?** Customer Service

**OTHER RELATED COSTS? SAVINGS?** This will allow us to market our services at an exceptional level. Currently we cannot offer park and facility reservations online. It will allow us to be more efficient building our youth sports rosters and keep our user base more current. In addition it will streamline our daily deposits and can also be used for point of sale (POS) transactions at the swimming pool. The advantages are endless.

**WHAT ALTERNATIVE IS THERE SHOULD FUNDING NOT BE AVAILABLE?** Keep using EGOV.

**Capital Project:** Water Plant .2 Compliance Improvements    **New** X    **Ongoing**       

**Description:** This project is part 2 of the 2 projects required to bring the city's water system into compliance with the Total Coliform Rule (TCR) 0.2 mg/l minimum chlorine residual requirement.

This part will convert the existing chlorine disinfection process at the water treatment plant into a chloramine feed system, which will last longer in the system and will help prevent DBP formation.

**Which goal is addressed with this project? How?** Maintain compliance with the CDPHE requirement for the 0.2 minimum chlorine disinfectant residual, which is part of the TCR. This project will also help prevent DBP (disinfectant byproduct) formation since chloramines do not form these known carcinogenetic compounds like the standard chlorine disinfectant method does.

**Other related costs? Savings?** A DOLA grant will be applied for to aid in funding this project.

Capital Project: Dist. System .2 Compliance Improvements    New X    Ongoing \_\_\_\_\_

Description: This project is part 1 of the 2 projects required to bring the city's water system into compliance with the Total Coliform Rule (TCR) 0.2 mg/l minimum chlorine residual requirement. This part is making numerous distribution system improvements to aid in correcting issues with water age, and which includes booster chloramine feed stations, dump valves, and storage tank mixers.

Which goal is addressed with this project? How? Maintain compliance with CDPHE requirement for the 0.2 minimum chlorine disinfectant residual which is part of the TCR.

Other related costs? Savings? A DOLA grant will be applied for to aid in funding this project.

**Capital Item:** (1) 3/4 Ton 4x4 Pickup Truck      New      **Replacement** X

**Description of Need:** Replaces (1) 2009 Ford pickup truck# (4-40) in the water department.

**Which goal is addressed with this acquisition? How?** This pickup truck is at the 10-year vehicle equipment replacement program timeline. By replacing this truck it will allow the city to continue to optimize equipment maintenance costs.

**Other related costs? Savings?** Includes the cost for toolboxes, safety lighting, headache rack, and bed liner @ an estimated cost of \$10,000.00. Historically, there is a good trade in value for pickup trucks when keeping with the 10 year cycle replacement program.

**What alternative is there should funding not be available?** None, other than to continue using the existing pickup truck, and deviate from the established 10-year pickup truck replacement cycle.

**Capital Item:** (1) Vac/Hotsy/Hydraulic Pump Trailer **New** \_\_\_\_\_ **Replacement** X

**Description of Need:** This replaces an existing Vac tank, hydraulic pump (valve turner) system trailer, which has reached the end of it's useful life. The replacement trailer will also include a hotsy to thaw out valve boxes in the winter months. This would make this trailer more useful in all seasons.

**Which goal is addressed with this acquisition? How?** This would be a replacement item for the water department, and would be used extensively in the distribution system operations and maintenance programs.

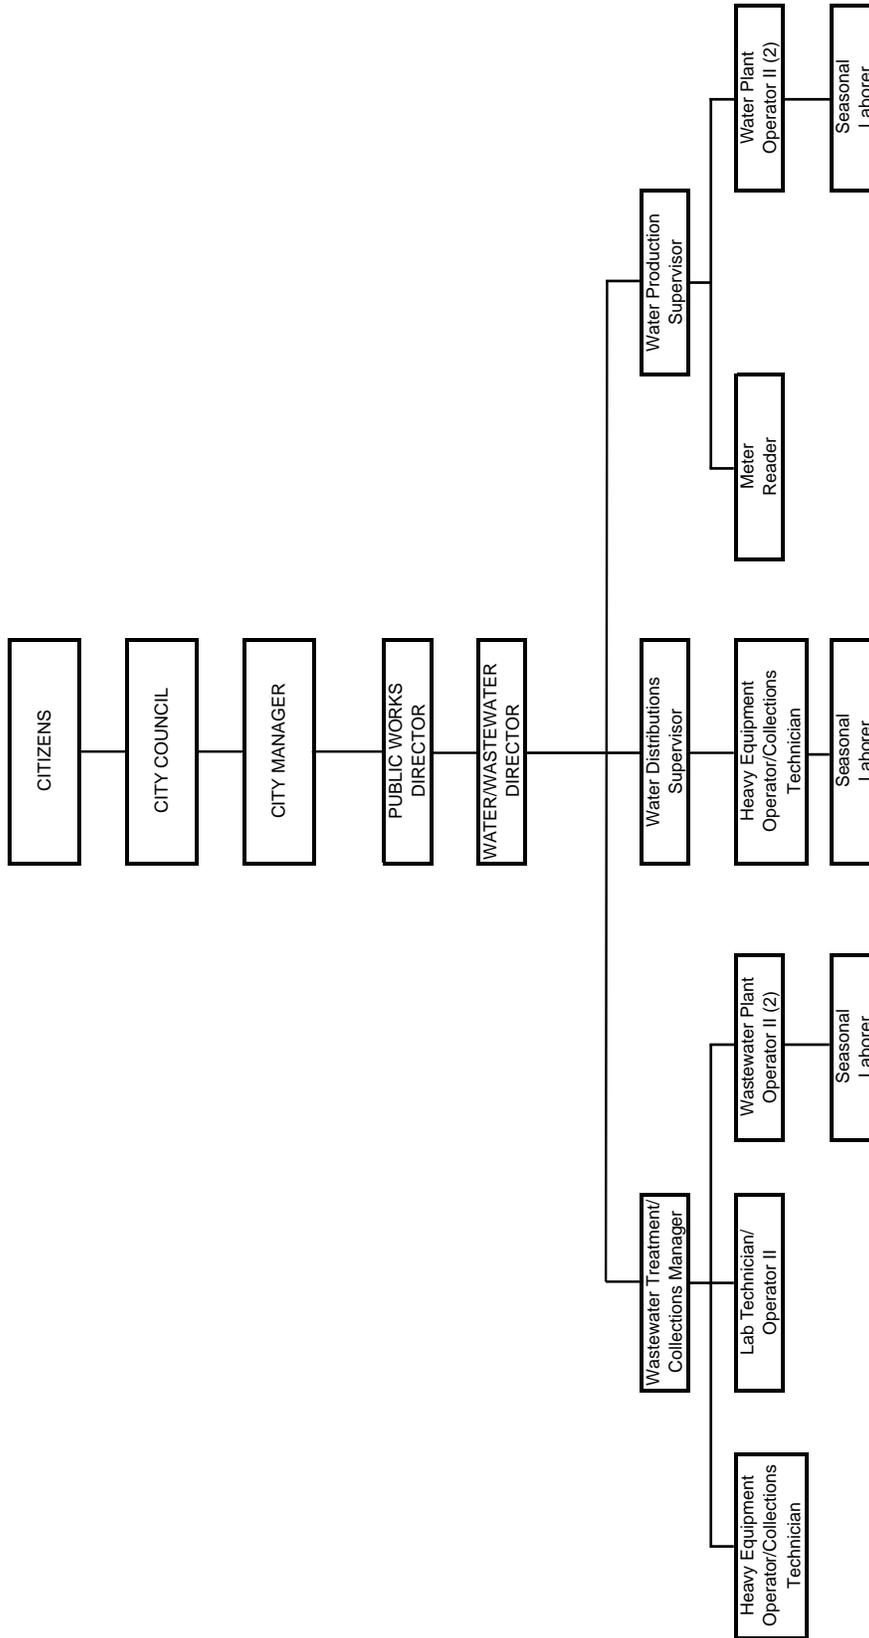

**Other related costs? Savings?** By purchasing this multi equipment/function trailer the distribution staff will more effective when performing emergency shutdowns of the water system for water main breaks during all seasons of the year. This will also require only one person to continue the valve exercising program, and will streamline the UDF (uni-directional flushing) program.

**What alternative is there should funding not be available?** None, other than to continue to use the existing Vac/Hydraulic trailer and risk it not working when we have a water break and want to get a quick shutdown of the system

**Capital Project:** Wastewater Master Plan Update    **New** \_\_\_\_\_    **Ongoing** X

**Description:** This is an ongoing project for SGM to update the wastewater master plan originally completed in 2000 by RTW Engineers.

**Which goal is addressed with this project? How?** This master plan update will address new regulations by the State of Colorado Department of Health such as the nutrient regulations that were not addressed in the 2000 master plan. Also the wastewater treatment plant has noticed an increase in equipment failures due to age which needs to be evaluated in depth.

**Other related costs? Savings?** N/A

**Capital Item:** (1) High Crop Tractor      **New** X      **Replacement**         

**Description of Need:** This High Crop Tractor would primarily be used for dewatering the sludge at the sludge lagoons so these biosolids can be land applied each year. It can also be used for other sewer department grounds maintenance projects throughout the year.

**Which goal is addressed with this acquisition? How?** This would be a new item for the wastewater department, and this type of tractor is more appropriately designed to operate inside the sludge lagoons to dry the biosolids, and won't have the corrosion issues the terex skidsteer does.

**Other related costs? Savings?** By purchasing this high crop tractor the existing terex skidsteer would not break down almost every year because of components getting submerged by sludge, and corroding them enough that the skidsteer will not function. More and more parts are needed yearly just to keep it running. This skidsteer could be used for other projects it was designed for.

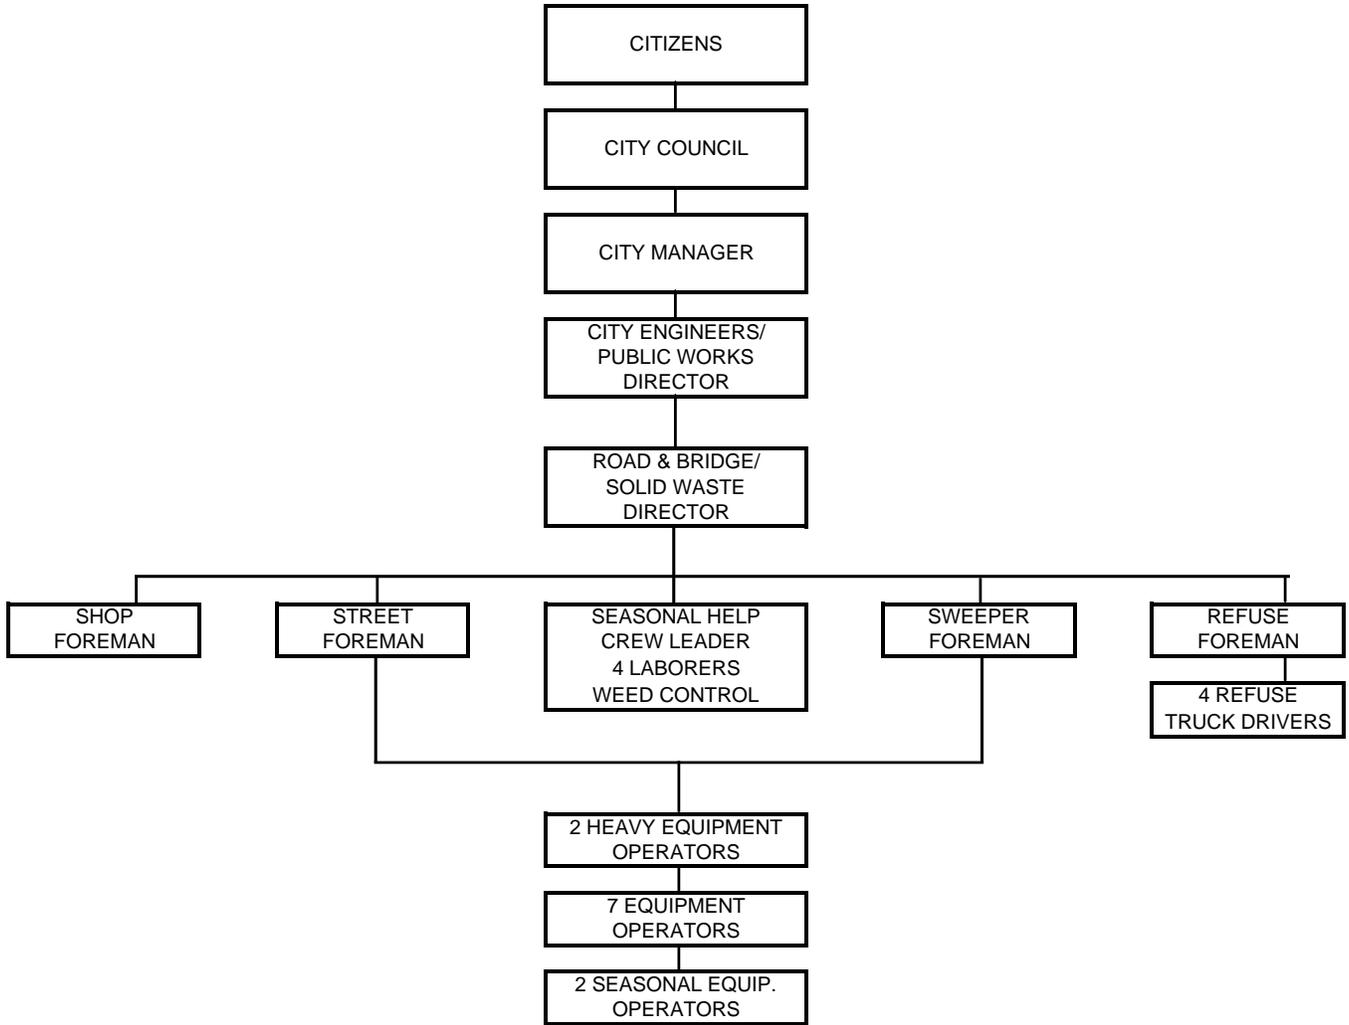

**What alternative is there should funding not be available?** None, other than to continue using the terex skidsteer until parts corrode to the point it is no longer operational.
