

Memo

To: City Administration/City Council

From: Mark Sollenberger/Water & Wastewater Director

Date: September 18, 2018

Re: Bid Award Recommendation

This memo is to recommend that the city council award the bid for the replacement motor for the wastewater plant's #3 recycle pump to Grainger for a total cost of \$11,659.72. The existing motor for this pump is damaged due to an overheating issue, and is now pulling too much current. It is a 35+ year old motor (original equipment), and is at the end of its useful life. In our experience, it would not be cost effective to rebuild a motor of this age. Grainger was the lowest bidder for a new replacement motor.

My recommendation is to award the bid to Grainger (\$11,659.72) the lowest bidder for the new motor for the #3 wastewater plant recycle pump bid# (2037857450). Below is the bid tabulation for this motor, and I have also attached the three motor bids to this memo for your review. Thank you in advance for considering this request.

<u>Vendor</u>	<u>Total Bid Amount</u>
Grainger	\$ 11,659.72
Denver Electric Motors	\$ 12,700.00
IPS (Integrated Power Service)	\$ 16,940.60
