Hello City Council Members,

We would like to thank you for allowing us to present Open Heart Advocates to the City Council on Tuesday, January 14. I would like to extend our contact information below should the council members have any follow up questions regarding our presentation.

As we presented, Open Heart Advocates is facing an annual deficit of funding at approximately \$225,000 per year. For the past 2 years MRH has financially supported this Agency at 100%, but cannot continue to do so into the future. The services and work Open Hearts accomplishes is a silent but absolutely necessary service in our community. This agency also supports numerous other interagency needs in Craig and Moffat County to ensure appropriate services, as well as best practices, are being implemented.

Looking into 2020 we'd appreciate your consideration and support with Open Hearts Advocate. If you could kindly write what level of contribution below and return this letter to Meghan Francone, Executive Director of Open Heart Advocates at OHA Address: PO Box 1050, Craig, CO 81625.

The City Council wishes to donate \$ _____ in support of Open Heart Advocates for 2020 and annually thereafter.
