

# Memo

**To: City Administration/City Council**

**From:** Mark Sollenberger/Water & Wastewater Director 

**Date: September 03, 2020**

**Re:** Bid award recommendation for Water Main Replacement Project (Pipe)

This memo is to recommend city council award the "2260 feet of 6" C900 PVC Pipe" bid for the E HWY 40 emergency water main replacement project to Core & Main for (\$11,978.00). There were 3 emailed bids received for this PVC pipe. Funding for this project will come from the regular O&M water distribution account. This project needs to be done as soon as possible, because the condition of the existing main has deteriorated very badly. The staff has had to repair five water breaks in the last couple weeks at various locations on this section of the water distribution system. Making repairs on this main is also becoming very difficult because of the very poor condition of the existing ductile iron pipe.

My recommendation is to award the bid to Core & Main the lowest bidder for the "6" C900 PVC Pipe" required for this emergency water main replacement project at a total cost of \$11,978.00. Thank you in advance for considering this request.

<u>Vendor</u>	<u>Total Bid Amount</u>
Core & Main	\$11,978.00
Grand Junction Winwater	\$12,339.60
Grand Junction Pipe	\$13,424.40

## Bid Proposal for 6" Replacement
