

Parks:

- Staff have been assisting Aquatics with pool maintenance while maintaining parks, facilities and other departments when needed.
- Parks & Recreation & Road & Bridge Departments worked together preparing a subbase for the Woodbury Playground. Numerous loads of base material were hauled to compensate for proper drainage. Road & Bridge Department was instrumental in this phase of the project. Playground is on schedule.
- Commercial Air Conditioning Equipment - Request for Proposals (RFP) submittal deadline is Friday June 11th. This is for cooling upgrades at City Hall and the Boy & Girls Club.

Active Adults & Flowers:

- We have seen many of our Active Adults trips filling to capacity and in some instances requiring secondary trips.
- Staff has been busy planting flowers around town.

Aquatics:

- On Tuesday, May 18th, we hosted 200 students that earned PAWS awards from Ridgeview Elementary School. Staff did a tremendous job organizing and preparing the facility in order to host the students. It was neat to see the kids and the excitement on their faces when entering the facility!
- We had a near drowning incident at the pool on Thursday, June 3rd. Hudson Jones who is employed as a Lifeguard saw a child struggling under water. He acted quickly to remove the child out of the water and put his skills to work rendering first aid. This was Hudson Jones first day on the job! We are sincerely grateful for Hudson Jones quick response and skill set that saved this child's life.
- Aquatic Facility Audit - Request for Proposals (RFP) has been sent out.

Recreation:

- Spring sports are going well with a surge in soccer enrollment! *A good problem to have.*
- Triple Crown is scheduled to play at Woodbury Complex, June 18-20 and June 25-27.

Whittle the Wood:

- Staff is working on event prep and finalizing details.
- In an order to alleviate overtime, Parks & Recreation will start setup the week prior to the event. Also, we will be scheduling our part time staff later in the week.
