

# Memo

**To: City Administration/City Council**

**From:** Mark Sollenberger/Water & Wastewater Director

**Date: November 04, 2021**

**Re:** Bid award recommendation "Water System Leak Detection Survey"

This memo is to recommend that city council award the bid for the "Water System Leak Detection Survey". The bids for this project were received at 2:00pm on 10-28-2021. There were five contractors who sent in bids for this approved capital budgeted project. This project was carried over from 2020, because it could not be completed due to the Covid pandemic. There is \$35,000.00 budgeted for this project.

My recommendation is to award the bid to American Leak Detection (ALD) the lowest bidder for the "Water System Leak Detection Survey" at a total bid of \$20,400.00. Approval of this bid will continue the city water department's program of periodically performing a leak survey to gauge the underground utility's condition, and assist in locating leaks that need repaired immediately or assist staff in developing/updating the 10-year capital project's water main replacement schedule. Below is a bid tab sheet for your review. Thank you in advance for considering this request.

<u>Vendor</u>	<u>Total Bid Amount</u>
American Leak Detection	\$ 20,400.00
Consult Engineering, Inc	\$ 21,096.00
NE Water Distribution Systems	\$ 26,188.85
Acoustic Leak Detection	\$ 54,000.00
Construction Product Marketing LLC	\$ 65,000.00
