

03/01/2023

I am in need of a Conditional use variance for my in home child care program Lic# 1599535 at 590 7th Ave W Craig, Co. 81625 to care for up to 9 children as an experienced child care provider. I have received a waiver by the state of Colorado office of early childhood to allow me to care for 9 children. I currently have a 6+2 license. I will be applying for my experienced provider licensing (after zoning approval). There is a significant need for child care in Craig, Co, a child care desert.

With the temporary closure of two child care centers recently, the child care need has increased.
