

### **Woodbury Park Improvement Project:**

The core area around the baseball fields has been transformed into a more inviting space for park users and patrons to enjoy. The landscaping hatches compliment the pathways and provide additional green space to the area. The new pathways drastically improved mobility for all user groups. All contractors involved on the project did a great job. They were diligent in providing quality work and also efficient. Project was completed ahead of scheduled timeframe.

### **Parks:**

Maintenance of park, trails and open space areas.  
Assist with DBA events as well as other events.  
Winterization and maintenance at pool.  
Working with external groups.  
Increase in park pavilion reservations.

### **Active Adult Programming:**

There has been a wide range of unique trips being offered from Yellowstone to Marble, CO!

### **Recreation:**

Spring and summer sports provided opportunities for youngsters ages 6-15 to learn about skill sets particular to the sport while also having fun.

### **Aquatics:**

Facility operated 10 ½ weeks this season. Below is a tentative snapshot of activity at the pool for this season.  
7,300 admissions  
294 pass holders  
76 laps/aerobics  
400 children participated in swim lessons

### **Building Maintenance:**

Installation of two high efficiency boilers and one 50-gallon side arm water heater have been installed at City Hall. Also, a rooftop unit at the Yampa Building was recently installed.
