

To City of Craig

Hello. I'm writing concerning the code violation on the NW lot at the corner of 7th and Ashley. My wife and I strongly oppose any change of the zoning to allow the owner to park a storage container on this lot or a change from strictly residential. The owner knew what the lot was zoned for when it was purchased but apparently feels he is above following the same rules the rest of do. Please do not allow a variance on this lot.

Thank you
