From: Carl R. Ray, Water and Wastewater Director

Re: Award Recommendation for Replacement Pickup (5-30)

Replacement of a 2011 pickup (unit 5-30) used by Wastewater was proposed and accepted into the 2024 budget. In 2024 the truck exceeds our 12-year replacement cycle. The total budget was \$67,000.00 with the City of Craig portion being \$55,000.00 and the trade in being estimated at \$12,000.00. Bid specifications were prepared, the bid was advertised, and bids were opened on February 21st, 2024. The bid included a 1-ton 4X4 pickup with Tommy lift and snow plow.

We received three bid packets. One from Cook Ford, one from O.J. Watson, and one from Victory Motors of Craig. Cook Ford only bid the truck and extended warranty. O.J. Watson only bid the Tommy lift, snow plow, running boards, and trailer socket. Victory Motors of Craig bid all items.

The attached bid tab was prepared. There are significant cost savings in using O.J. Watson for the Tommy lift and snow plow. We recommend awarding the bid for the truck and extended warranty from Victory Motors of Craig in the amount of \$38,295.00 and awarding the bid for the Tommy lift, snow plow, and trailer socket to OJ Watson in the amount of \$16,690.64. The recommendation is the lowest cost option and below the budgeted amount.

Replacement Vehicle 5-30 Bid Tabulation

Technical Specifications
1 Ton Pickup with Single Cab single wheel 4x4 with Factory 8 ft. Bed
Snowplow & Tommy Lift.**

This specification describes the requirements for 1-ton, four-wheel drive, single rear wheel pickups. The unit must be safe and efficient to operate and built strong and durable enough for heavy-duty operation over extended periods of time in a municipal setting. All standard equipment as shown in the manufacturer's printed literature must be included in the bid, plus any modifications to meet OSHA federal and state regulations in all respects. The unit must be new and of the manufacturer's current model year in production at the time of delivery, and not a model to be phased out of production. It is stressed that what follows are minimum specifications and while they mention only the salient descriptive points of the unit, they do not exclude any major or minor items not specifically mentioned, but which would normally and reasonably be necessary for proper, safe, efficient, and beneficial use and ownership.

Bidding instructions:

- A. Each technical item of this specifications shall be individually annotated by the bidder in the first column provided on the sheet with one of the following statements:
1. meets
 2. exceeds
 3. does not meet
 4. not applicable
- B. If any item is marked "exceeds", "does not meet", or "not applicable", details must be given in the second column provided, along with each entry describing what exactly is being bid.
- C. The individual cost of each item of the specifications must also be annotated if its cost has not been included in the basic bid price.
- D. Complete printed literature, publications, and photograph of the unit proposed must be included with each bid.

The vendor will please indicate the make, model, year and type of 1 Ton Pickup offered:

2024 Ford F350 Regular Cab 4x4 XL Plus

The vendor will please indicate the location (country) where the 1 Ton Pickup offered was originally manufactured: USA
