Re: Award Recommendation for Replacement Pickup (4-05)

Replacement of a 2011 Ford $\frac{3}{4}$ ton pickup (unit 4-05) used by the Water Department was proposed and accepted into the 2024 budget. In 2024 the truck exceeds our 12-year replacement cycle. The total budget was \$65,000.00 with the City of Craig portion being \$50,000.00 and the trade in being estimated at \$15,000.00. Bid specifications were prepared, the bid was advertised, and bids were opened on February 28th, 2024. The bid included a 1-ton 4x4 pickup with an 8ft flatbed and toolboxes.

We received one bid packet from Victory Motors of Craig.

The attached bid tab was prepared. I recommend awarding the bid for the truck and extended warranty from Victory Motors of Craig in the amount of \$62,895.

Truck - Bid Comparison
