Re: Award Recommendation for Hydraulic Hammer for John Deere backhoe

Replacement of (1) hydraulic hammer used by the Water Department was proposed and accepted into the 2024 budget. The hydraulic hammer is currently estimated to be approximately 3 decades old. The total budget was \$41,000.00 with the City of Craig portion being \$41,000.00. Bid specifications were prepared, the bid was advertised, and bids were opened on February 28th, 2024. The bid included a hydraulic hammer for a backhoe and related attachments.

We received two bid packets from the following: Wagner Equipment CAT and 4Rivers Equipment. Both companies' bids included additional attachments.

The attached bid tab was prepared. I recommend awarding the bid for the hydraulic hammer, including all available attachments, from Wagner Equipment CAT in the amount of \$21,699.52.

Hydraulic Hammer - Bid Comparison

Features	Wagner Equipment - CAT	4Rivers Equipment
Year	2024	2024
Make	CAT B9	NPK GH6
Impact Energy	958.8	Meets
Tool Shaft Diameter	3.3	Meets
Chisel Tip (Option)	\$311.00	\$950.00
