E-WASTE PROGRAM

ELECTRONICS RECYCLING GUIDE

WHAT IS E-WASTE AND WHY IS IT HARMFUL?

The increasing amount of electronic waste (e-waste) is a growing problem in an increasingly modernised world, as unwanted electronic or electrical devices can pose health and environmental hazards if not disposed of properly. We are encouraging e-waste recycling by making it easier for Craig utility customers to do so. Simply bring your e-waste items to the front entrance at City Hall and pay the appropriate e-waste recycling fee - see chart below.
