Overall- 4 months, or 33% through the year and 17% of the 2023 budget has been spent. 31% of the O&M budget has been spent. Most departments are currently at or under budget for the year. Only a couple of departments currently are running lower when compared to the previous year. Variances that are occurring through all departments are in employer benefit costs. Health benefits will be consistently more when looking at the prior year due to utilizing some of the fund balance in the medical fund last year to offset expenses with

increases to health costs. This will be a trend that continues through the year. In addition, in March the Council approved a one-time bonus payout to all permanent employees' equivalent to one regular pay-period amount.

Judicial—27% expended YTD. Expenditures are 39% or \$11,658 higher compared to last year primarily because of changes in health benefits and allocations in payroll to 100% Judicial instead of partial allocation to Community Development.

Administration—33% expended YTD. Expenditures are 12% or \$10,469 higher compared to last year primarily because of changes in payroll and benefits mentioned previously.

Public Works—26% expended YTD. Expenditures are 23% or \$9,342 lower compared to last year primarily because last year had an overlap in staffing in January and February in anticipation of the retirement of the IT/Engineer, and then also the related payouts of time when he retired.

General Services—29% expended YTD. Expenditures are 49% or \$10,397 higher compared to last year primarily because in 2023 we started budgeting replacement computers in General Services rather than individual departments to align budgeting with the department in control of the spending for these items. This trend will continue as the year goes on.

Finance—22% expended YTD. Expenditures are 14% or \$14,454 higher compared to last year primarily because of increases in personnel and benefit costs.

Police Department—34% Expended YTD, 33% or \$322,198 higher than last year. The increase is primarily related to payroll. Payroll & benefits are \$205,832 higher than last year. In addition to the employer benefits, the PD has been able to successfully fill numerous positions that were vacant in early 2022. There are several operating expenditure accounts that are up compared to the previous year: supplies-firearms are up \$8k, gas, oil, and fuel are up \$9k, other professional services are up \$57k, svc maint contracts are up \$36k, and rent is up \$15k.

Road & Bridge—30% Expended YTD, 32% or \$194,713 higher than last year. This winter was extremely heavy with snowfall requiring a lot of extra hours worked by staff. OT is \$15k higher than last year. Overall, payroll and benefits are up compared to the prior year by \$82,510. In addition, the following accounts have significant increases compared to prior year: oil, gas, and fuel is up roughly \$43k (this will level some as fuel is used and allocated to departments, but also a significant increase in usage/cost), Utilities-street lights are up \$17k, vehicle R&M is up \$15k, and equipment R&M is up \$23k.

Parks & Recreation – Parks—25% Expended YTD, 28% or \$74,832 higher than last year. In addition to increases in payroll and benefits increases of \$44,533 compared to the prior year, small equipment is up \$7k, gas, oil and fuel are up roughly \$3k, other prof svcs are up \$7k, and ballpark R&M is up \$14k.

Parks & Recreation – Pool—13% Expended YTD, 65% or \$24,385 higher than last year. In addition to increases in payroll and benefits increases of \$10,297 compared to the prior year, small equipment is up \$9k, and other professional services are up \$3k.

Center of Craig—43% expended YTD, 69% or \$6,321 higher than last year. Utility costs have increased significantly with gas and electricity. In addition, there has been an increase in R&M needed for the building due to the harsh winter. Other professional services up \$4k compared to 2022.

Property Taxes – 37% received YTD. Property tax is collected by the county and remitted to the city monthly. Property taxes are due no later than June 15, so most property taxes should be received by the city no later than July each year.

County Sales Tax – 25% received YTD. 18% or \$76,906 increase from prior year in the financials. Sales tax collections are always one month behind in presentation due to collection times from the state.

City Sales Tax – 32% received YTD. 9% or \$240,002 increase from prior year in the financials. This can still mostly be attributed to inflation.

To this point in the year, revenues for 2023 are up when compared to 2022 (\$3,967,783) by \$554,268.

At the end of April, having 18% of the budgeted revenues received and 17% of the budgeted expenditures spent is expected and a normal pattern for the City's financials on an annual basis when there are many large grant funded capital expenditures budgeted for completion/construction in the year. Fund Balance for the general fund started the year with \$17.0 million, \$13.1 of which was unreserved. The current fund balance is \$17.3 million of which \$13.4 is unreserved.

Other Funds Recap:
