Curcillo, III, Esq., Solicitor; Steve Farina, Prothonotary; Fred Lighty, Esq., Human Services Director’s Office; Dave Schreiber, Human Resources; Steve Libhart, Director of EMA; Randy Baratucci, Director of Purchasing; Gerald Feaser, Jr., Director of Registration & Elections; Jean Marfizo King, Register of Wills; August Memmi, Director of Community & Economic Development; Mike Yohe, Director of Budget & Finance; Leila Brown, Solicitor’s Office; Amy Harinath, Press Secretary; Gary Serhan, Deputy Controller; Holly Martz, Tax Claim; Greg Schneider, Budget & Finance; Kenny Fisher, Purchasing; Dale Klein, Clerk of Courts; J. Scott Burford, Deputy Chief Clerk; Steve Howe, Director of Tax Assessment; Edgar Cohen, Director of Facilities Maintenance; Kay Lengle, Human Resources; Bobby Sisock, Court Administration; Julie Mackey, Commissioners’ Office; Ruby Doub, Commissioners’ Office; Melody Osborn, Commissioners’ Office and Richie-Ann Martz, Assistant Chief Clerk

GUESTS PRESENT

Devyn Barry, Anna Smuda, Courtney Lehman, Joely Helder, Madison O’Neill, Jillian Kolva, Katie Spanos, Maddie Lilliock, Jennifer Abraham, Lizzie Gross, Taylor Brachie, Lilly Woltman, Taylor Lister, Michelle Bongardner, Alysa MacKelvey, Miranda Hershey, Ashley Ceschin, Maddie Deebel, Isabella Yost, Katie Lammando, Erin Hanshue, Linda Kreiser, Andrew Kenworthy, Steve Letavic, Todd Neuhard, Dave Bitting, Morgan Bitting, Amber Lehman, Jonie Atkins, Elise Musser, Mariena Decker, Abby Julius, Aliza Misak,
CALL TO ORDER

Mr. Haste, Chairman of the Board, called the meeting to order at 10:12 a.m.

MOMENT OF SILENCE

Everyone observed a moment of silence.

PLEDGE OF ALLEGIANCE

Everyone stood for the Pledge of Allegiance.

APPROVAL OF MINUTES

It was moved by Mr. Pries and seconded by Mr. Hartwick that the Board approve the January 8, 2014 Workshop Meeting Minutes and the January 15, 2014 Legislative Meeting Minutes; motion carried.

It was moved by Ms. Rebuck and seconded by Mr. Hartwick that the Board approve the January 8, 2014 and the January 15, 2014 Salary Board Meeting Minutes; motion carried.

EXECUTIVE SESSIONS HELD BETWEEN MEETINGS

Ms. Cullison reported that there were no Executive Sessions held between meetings.

PUBLIC PARTICIPATION

There was none.

DEPARTMENT DIRECTORS/GUESTS

A. Dauphin County Commissioners

1. Proclamation – Lower Dauphin Field Hockey State Champions

Mr. Haste stated that this Board enjoys recognizing our area youth and is also involved in youth sports in one way or another. It is something that this Board takes great pride
in. On behalf of the parents, school and all of Dauphin County, he congratulated them on their victory. He hopes that the players use the leadership skills that they developed moving forward and that they bring them back to Dauphin County to make this the best place to work, live and play. The Board hopes to see you back next year.

Mr. Haste read the following Proclamation.

Office of County Commissioners
Dauphin County, Pennsylvania

Proclamation

We, the Dauphin County Board of Commissioners, are pleased and proud to join with the many players, coaches, school officials, proud parents and fans in honoring the Lower Dauphin Falcons Field Hockey Team for clinching the 2013 PIAA AAA State Championship, its second consecutive state title, and for a longstanding history of outstanding athletic achievements;

Whereas, in the PIAA Class AAA field hockey finals on November 16th, Lower Dauphin defeated Emmaus 2-1, completing a state tournament run in which the Falcons also earned the District III Championship and Keystone Division Co-Championship;

Whereas, led by the legendary and award-winning Head Coach Linda Kreiser, who was elected to the National Field Hockey Coaches’ Association Hall of Fame, Lower Dauphin has clinched a record six state titles and has become an athletic powerhouse;

Whereas, in addition to earning state gold, several athletes on this team achieved special honors, including Morgan Bitting and Katie Dembrowski, who were both named to the National Field Hockey Association’s All-American Second Team and PennLive’s Field Hockey All-Stars and Devyn Barry, Gini Bramley, Taylor Lister and Abby Julius, who were also named PennLive Field Hockey All-Stars;

Therefore, we join the 268,000 residents of Dauphin County in congratulating the Falcons on their history-making season and back-to-back PIAA AAA State Championships; we applaud the team’s spirit and determination, and we warmly wish the graduating seniors and returning players enduring success both on and off the field; and in grateful recognition thereof, we do hereby proudly proclaim January 29, 2014 to be “Lower Dauphin Falcons Field Hockey Team Day” in Dauphin County.

Mr. Hartwick stated that this is a testament to Coach Kreiser. The amount of athletes that are playing in Division I schools – there is no better place to train and understand field hockey than in Lower Dauphin with Coach Kreiser. The team continues to step up to the challenge. Every team has a different set of personalities. The team brings a lot of recognition to Dauphin County. He praised them on being good students and athletes and those moving on to college he asked that they continue to be good students and after college he hopes too that they return to Dauphin County.

Mr. Hartwick read one of the Certificates, which is as follows.

CERTIFICATE OF RECOGNITION
Presented to

On this 29th day in January, 2014

For your remarkable athletic achievements and back-to-back state championships as part of the Lower Dauphin Falcons Field Hockey Team. We applaud you and your team’s exemplary dedication, teamwork, and sportsmanship and wish you enduring success, both on and off the field. Congratulations on clinching the 2013 PIAA AAA State Championship!

Mr. Pries stated that the Board is very proud of the team. It was mentioned at a meeting how difficult it is to get to a championship, but to do that for a second year in a row, it shows you how dedicated this team is. These players start out in kindergarten. He thanked the parents for their support. He came up with a little thing that describes Lower Dauphin. L is for Legend. O is for outstanding. W is for winner. E is for enthusiasm. R is for respect. D is for dedication. A is for achievement. U is for unstoppable. P is for pride. H is for honor. I is for intensity (people don’t want to play a difficult team). N is for no I in team. Lower Dauphin has a great coaching staff. The team is the best and you may not realize that now, but in the years to come you will realize what an accomplishment this has been.

Mr. Pries read one of the Certificates for the coaching staff.

CERTIFICATE OF RECOGNITION

Presented to

On this 29th day in January, 2014

In recognition of your exceptional leadership and dedication as a coach of the Lower Dauphin Falcons Field Hockey Team. With encouragement and enthusiasm, you led this talented and tenacious team to a winning season that culminated in the 2013 PIAA AAA State Championship. More importantly, you instilled a sense of pride and confidence in team members. We wish you and your team enduring success and thank you for inspiring our young people - our best and brightest hope for the future. Congratulations!

Coach Kreiser thanked the Commissioners for this great recognition. The support from the School District is great. Principal Neuhard is a great supporter, as well as Dave Bidding. Mr. Bidding is the best Athletic Director. She has nine staff that assists her and seven of those graduated from Lower Dauphin. She will miss the seniors. The team did a great job. Six of the seniors are going to college to play. Together much can be accomplished and team is the most important thing.

(Certificates were handed out. Applause was given and pictures were taken.)

B. John Palkovitz of Diakon Lutheran Social Ministries
1. Diakon Lutheran Social Ministries Projects in Dauphin County as financed by the Cumberland County Municipal Authority (Listed as Item P under Matters Requiring Board Action)

Mr. Vind indicated that he is with Stevens and Lee. He represents Diakon Lutheran Social Ministries. Also at today’s meeting is John Palkovitz, Vice President of Diakon Lutheran Social Ministries. The Resolution before the Commissioners is approval of the Dauphin County portion of an eight (8) campus financing through the Cumberland County Municipal Authority. The Dauphin County portion is Frey Village. The financing consists of refunding outstanding debt and then new money of approximately $25 million that is going to be used among the eight (8) campuses that Diakon has over eastern Pennsylvania.

Mr. Hartwick stated that this Resolution doesn’t commit the County to anything.

Mr. Vind stated that it doesn’t.

Mr. Hartwick stated that the County is appreciative of your investment in Frey Village.

Mr. Vind stated that there is no obligation on the part of Dauphin County in connection with this financing.

Mr. Haste stated that it will be considered later in the meeting.

C. Andrew Kenworthy and Steve Letavic

1. Londonderry Township Project

Mr. Kenworthy stated that he is with Herbert, Rowland & Grubic. With him is Steve Letavic of Londonderry Township.

In the 2011/2012 grant cycle, Londonderry Township submitted a Local Share Municipal Grant request in the amount of $500,000 for some economic development infrastructure. The Township was awarded $300,000 in that grant cycle. In the 2012/2013 cycle, the Township applied and was awarded $250,000 for sewer infrastructure. The Township went through with the understanding that the infrastructure is pivotal to some of the economic development in lower Dauphin County and the Township itself. The Township is respectfully seeking an amendment to the 2012/2013 grant that was awarded to allow that money to be applied to economic development infrastructure, similar to the prior grant. The key is infrastructure improvements. It is not just sprawl or continued development on an uncontrolled basis, there is a specific corridor starting at the 283 Vine Street interchange in Londonderry Township and down through the commercial corridor of the Township. The Township is working on multi infrastructure projects. Sewer and water are the main factors. Other partners include Pennsylvania American Water, adjoining municipalities, some private developers, particularly Love’s Travel Stops and Rutters Farm Stores. In December,
the Lytle development gained preliminary plan approval in the Township. Many of these developments have been slowed by the lack of infrastructure. That is why the Township applied for these grants. Jobs are created, which then supports the Township residents living in the Township and also attracting others in that area. There are multiple projects that the Township is working on. The one that has gained the most attraction is the water line extension from the north side of 283 to the south side of 283 along the Vine Street corridor. The cost is over $700,000. There are contributions directly from Rutter’s and Pennsylvania American Water. The Township is asking for the application of infrastructure funds to balance out the additional costs associated with the project. Both these grants are similar. Economic impact is the main component of that. There are job creations for Rutter’s, Love’s Travel and the Lytle Farm. He also provided the tax revenues that these businesses will anticipate as they develop. He asked if there were any questions.

Mr. Haste stated that it was originally for sewer work, but you are asking for it to be expanded to cover any infrastructure needs for the project.

Mr. Kenworthy indicated that is correct.

Mr. Haste asked if some of that work has already occurred.

Mr. Kenworthy indicated that is has.

Mr. Haste asked if CNG is still in play down there.

Mr. Kenworthy stated that a meeting is being held on February 11th to keep that moving.

Mr. Letavic stated that it is something that the Township is very interested in. Londonderry Township would like to have a CNG station located along that Vine Street corridor.

Mr. Haste stated that is a critical location for future growth.

Mr. Pries stated that he is in support of the request. Compressed natural gas is a component of the future and the future is now. This project and the economic impact are huge for the region.

*It was moved by Mr. Pries and seconded by Mr. Haste to approve the request to amend the 2012/2013 Grant to allow the funds to be applied to economic development infrastructure improvements.*

**Question:** Mr. Haste – Aye; Mr. Pries – Aye and Mr. Hartwick – Absent; motion carried.

Mr. Letavic stated that the Township appreciates the partnership with the County and thanked the Board for their commitment.
D. Laura Cullison and Jay Wenger

1. PA Economic Development Financing Authority’s Parking System Budget
   (Listed as Item BB under Matters Requiring Board Action)

Ms. Cullison, along with Jay Wenger, presented the PEDFA Budget for 2014.

Mr. Wenger stated that PEDFA and AGM, the other credit enhancement providers, have already approved the budget. The County is the last approval step in the process for the 2014 Parking System Budget.

Mr. Pries asked if Mr. Wenger could define PEDFA.

Mr. Wenger stated that PEDFA is the Pennsylvania Economic Development Financing Authority. PEDFA is the owner of the parking system.

The budget that has been presented to the Board is substantially the same as what has been reviewed up to and including at the December 23, 2013 closing on both the parking and RRF transactions. There are a couple exceptions. Revenue is higher in the final budget than contemplated. Expenses are substantially the same. Debt Service in this budget reflects actual debt service based on the financing that closed in December. It is a lot lower than what was modeled; in particular as part of the self-liquidating debt report. There is more surplus cash flow in this budget than was in the original budget.

Mr. Hartwick asked if the surplus will turbo or is that going to be a reduction in debt service.

Mr. Wenger stated that most of the excess in the first couple of years goes to fill the bucket that was to aid the City. There won’t be any real turbo for a few years. That will probably start in year six. If the actual operating results follow this budget, it is expected to be a little ahead of that schedule. AGM and PEDFA have approved the budget and it does require County approval. The County does have a seat on the Parking Advisory Board, so it will be able to monitor the month-to-month operating results, as well as have some input into annual budgets going forward.

Mr. Hartwick asked if there are restrictions.

Mr. Wenger indicated that all of the money that flows to the City has commitments to it.

Mr. Haste stated that with the Committee moving forward there will hopefully be some advance notice.

Mr. Wenger stated that he and Laura discussed this earlier. He would fully expect that as they start to review month-to-month results and compare them to the budget that
they will get a better sense of how accurate the budgets are, and would provide more
time to correct line items both on the revenue and the expense side moving forward.

Mr. Pries stated that it is very critical that the County review month-to-month, but also
review year-to-year results as they come in, because this is a very huge undertaking
and the County is responsible to make sure that we are on top of what we are supposed
to be paying and receiving payment for.

Mr. Wenger stated that part of the commitment to guarantee debt was to be part of the
process and get actual operating results on a month-to-month basis.

SALARY BOARD

A complete set of Salary Board Meeting Minutes are on file in the Commissioners’
Office.

HUMAN RESOURCES

Ms. Lengle asked if there were any questions regarding the Personnel Packet. There
was none.

   It was moved by Mr. Pries and seconded by Mr. Hartwick that the Board
   approve the Personnel Packet.

   Question: Mr. Haste – Aye; Mr. Pries – Aye and Mr. Hartwick – Aye; motion
carried.

PURCHASE ORDERS

Mr. Baratucci reported that the Purchase Order Packet is the same as was presented
last week. He asked if there were any questions. There was none.

   It was moved by Mr. Hartwick and seconded by Mr. Pries that the Board
   approve the Purchase Order Packet.

   Question: Mr. Haste – Aye; Mr. Pries – Aye and Mr. Hartwick – Aye; motion
carried.

REPORT FROM BUDGET & FINANCE – MIKE YOHE, BUDGET DIRECTOR

Mr. Yohe reported on the following:

   Report from the Office of Budget & Finance
   January 29, 2014
• **January 17, 2014** transferred **$2,425,117.02** to the Payables account from the County’s Concentration account for checks issued that week.

• **January 24, 2014** transferred **$6,812,954.23** to the Payables account and **$1,880,242.68** to the Payroll account from the County’s Concentration account for checks issued that week.

• Wire Payments since last report: **$4,510,994.85**

• Debt Service Payments since last report: **$0.00**

• Term Investments
  - None

• Balance today in PA INVEST account #2100017144860: **$1,379.99** rate 0.050%

**Question:** Mr. Haste – Aye; Mr. Pries – Aye and Mr. Hartwick – Aye; motion carried.

**FORMER BUSINESS**

There was none.

**NEW BUSINESS**

There was none.

**COMMISSIONERS’ DISCUSSION & ACTIONS**

Mr. Hartwick reported on the Biggert-Waters Flood Insurance Reform Act of 2012. A hearing was held before the U.S. Senate. It was very informative. He thanked IT and Ms. Doub for putting together an overview of the effects this Act would have on Dauphin County. In Dauphin County, there are 13,205 parcels of land in the 100-year or 500-year flood plain and there are residential or commercial structures on 10,544 of those parcels. The loss of revenue for the school districts, local municipalities and county will be tremendous. The loss to the school districts would be approximately $21 million. While some residents say that it doesn’t affect them, it most definitely does, because who is going to make up that difference in revenue – it becomes everyone’s responsibility. This affects property owners in Highspire, Steelton, Londonderry, Swatara, Millersburg and more. We need to make sure that the Senators and Congressmen are aware of the impact that this will have on Dauphin County, as well as surrounding counties. Congressman Barletta is supportive of delaying the vote until an economic impact study is completed. Real estate sales will be stagnant. The County will begin seeing a lot of assessment appeals. The Co-sponsor of the Act, Maxine Waters, is calling for its repeal.

Mr. Haste stated that he attended the Senate Hearing. He was not asked to testify, but did take his booklet. Senator Yaw has it on his website and it will be placed on the County’s website as well. A lot of questions were asked. Folks testified as to the impact that this will have on the homeowners. Pennsylvania is probably the most affected State. Building along waterways goes a long way back to when municipalities were founded. It was a means by which the economy could grow. Native Americans settled along waterways. Now we are penalizing those that followed history. The Federal government paid some of these homeowners to rehab their homes and stay along the waterways and now the same government is telling them to move. Some of these are older homes that were built in the 1800’s and have survived. People that were shopping their flood insurance, if they lapsed one day the new rate would go into effect. Some homeowners got a shock with their new flood insurance rate, because the mortgage company didn’t pay their premium on time. News reporter, Jeff Frantz,
received accolades for his article. Some of the homeowners are going to be paying the same amount for their mortgage and their flood insurance. Some Senate offices are saying that now is the time to move. How would that work, for example in Lykens Borough, 85% of the Borough is affected by this Act. What would happen to the Borough if all these affected homeowners would move? Highspire has 71% and Steelton has 16.4%. Rates can be lowered if homeowners fill in their basements or crawl spaces, elevate the structure or relocate the structure. This requires money that most of the homeowners don’t have, especially if they are paying outrageous rates for flood insurance. 82% of Lykens would have to have their houses on stilts. He hopes that the Senators and Congressmen wake up and look at the real issues. The leadership in NACo and CCAP will not let this issue go away.

Mr. Hartwick indicated that he would like to reach out to 30 or 40 residents to see what impact this has on them as property owners. He would like to get the real stories from these people on how they are directly affected. Some homeowners have trouble just making their mortgage and tax payments, let alone making an insurance payment that could be close to what their mortgage payment is. He would like to have residents share their situations.

Mr. Haste thanked everyone who continues to plod away on this issue. It is an issue that will not go away.

Mr. Pries stated that this is a real issue that needs to be addressed. The Federal government spends millions of dollars on things that don’t have the impact that this has on many homeowners.

CORRESPONDENCE

The Commissioners’ Office received the following correspondence, which will be handled by the staff appropriately.

A. Notification from Ketner Law Office, LLC advising that Hoover Boyer Funeral Homes is applying to DEP for a new Plan Approval to continue operating its crematory for human remains located at 118 S. Market Street, Millersburg.

B. Notification from Ketner Law Office, LLC advising that Hoover Boyer Funeral Homes is applying to DEP for a new Plan Approval to continue operating its crematory for pet remains located at 103 W. Main Street, Elizabethville.

C. Notification from RJ Fisher & Associates, Inc. advising that they are applying to DEP for a NPDES Permit for stormwater discharges associated with construction of the Phase I Huntleigh Subdivision project (26 single-family building lots and associated public streets and public utilities) in Lower Paxton Township.

D. Notification from Third Mountain Surveying advising that they are applying to DEP for a NPDES Permit for the development of an existing 14.32 +/- acre tract with one (1) single family detached residential dwelling in West Hanover Township.
E. Notification from Rettew advising that Kathleen Hagy is applying to DEP for a NPDES Permit for the construction of single dwelling units, access drives, underground utilities and stormwater improvements on 4 lots of a 5 lot subdivision in Middle Paxton Township.

F. Notification from KCI Technologies advising that the PA Department of Transportation is applying to DEP for a permit for the replacement of the bridge carrying SR 230 over Swatara Creek in Middletown Borough and Londonderry Township.

PUBLIC PARTICIPATION

There was none.

ADJOURNMENT

There being no further business, it was moved by Mr. Pries and seconded by Mr. Hartwick that the Board adjourn.
